

FILENAME	DESCRIPTION
MECK CLICK Bell Damped Typewriter Calligraph.wav	METAL CLICK MECHANISM SMALL Typewriter clicking to ringing a bell. Damped shortly after striker hits.
MECK CLICK Bicycle Spokes.wav	METAL DRIVE MECHANISM MEDIUM Bicycle gears idling with spokes rattling loudly. Various speeds and lengths.
MECK CLICK Bicycle Wheels Fast.wav	METAL DRIVE MECHANISM MEDIUM Quickly turning the wheels of a bicycle with spokes rattling loudly. Some metal parts slightly resonating.
MECK CLICK Bicycle Wheels Sequence.wav	METAL DRIVE MECHANISM MEDIUM Turning the wheels of a bicycle at various speeds with spokes rattling loudly. Some metal parts slightly resonating.
MECK CLICK Bicycle Wheels Short To Long.wav	METAL DRIVE MECHANISM MEDIUM Turning the wheels of a bicycle at from fast to slow pace with spokes rattling loudly. Some metal parts slightly resonating.
MECK CLICK Bicycle Wheels Slow.wav	METAL DRIVE MECHANISM MEDIUM Slowly turning the wheels of a bicycle with spokes rattling loudly. Some metal parts highly resonating.
MECK CLICK Bike Shoe Closure System.wav	PLASTIC CLICK MECHANISM SMALL Tightening a boa bicycle shoe closure system. Shortly rattling.
MECK CLICK Calculating Machien Multiple Felix B3.wav	METAL CLICK MECHANISM MEDIUM Turning the barrel of an old calculating machine. Clicking and rattling with slightly ringing metal body.
MECK CLICK Calculating Machine Brunsviga.wav	METAL CLICK MECHANISM MEDIUM Sliding the number slider of an old calculating machine. Toothed wheels rattling and clacking. Housing resonating.
MECK CLICK Calculating Machine Hamann.wav	METAL CLICK MECHANISM MEDIUM Winding up ending with different speeds, ending with clicking into place.
MECK CLICK Calculating Machine HD Seven.wav	METAL CLICK MECHANISM MEDIUM Sliding the number slider of an old calculating machine. Toothed wheels rattling and clicking. Spring resonating and ringing.
MECK CLICK Calculating Machine Resulta BS.wav	METAL CLICK MECHANISM SMALL Highly clicking toothed wheels of an old calculating machine. Some impact snapping at ends with housing resonating.
MECK CLICK Calculating Machine Resulta.wav	METAL CLICK MECHANISM SMALL Highly clicking toothed wheels of an old calculating machine. Some impact snapping at ends with housing resonating.
MECK CLICK Calculating Machine Rogli.wav	METAL CLICK MECHANISM MEDIUM Sliding the number slider of an old calculating machine. Toothed wheels clicking and clacking. Spring resonating.
MECK CLICK Calculating Machine Single Sequence Felix B3.wav	METAL CLICK MECHANISM MEDIUM Turning the barrel of a calculating machine at different speeds from slow to fast. Slightly resonating metal housing.
MECK CLICK Checkwriter Chequepunch.wav	METAL CLICK MECHANISM MEDIUM Sliding the lever of an old cheque writer, softly rattling and slightly squeaking. Very fragile ringing sound underneath.
MECK CLICK Checkwriter Chicago.wav	METAL CLICK MECHANISM MEDIUM Turning a knob of an old cheque writer, softly rattling. Tin housing resonating.
MECK CLICK Checkwriter Headman.wav	METAL CLICK MECHANISM MEDIUM Turning a knob of an old cheque writer with rattling noise. Tin housing resonating.
MECK CLICK Checkwriter Multiple Chicago.wav	METAL CLICK MECHANISM MEDIUM Multiply snapping action on a historically old cheque writer. Tin body hollowly resonating.
MECK CLICK Checkwriter Single and Multiple Defiance.wav	METAL CLICK MECHANISM MEDIUM Various snapping action on a historically old cheque writer. Solid body resonating throughout.
MECK CLICK Checkwriter Single Chicago.wav	METAL CLICK MECHANISM MEDIUM Single snapping action on a historically old cheque writer. Tin body hollowly resonating.
MECK CLICK Checkwriter Up Down Chequepunch.wav	METAL CLICK MECHANISM MEDIUM Pushing and releasing lever on a historically old cheque writer. Clicking, snapping and slightly resonating.
MECK CLICK Checkwriter Up Down Defiance.wav	METAL CLICK MECHANISM MEDIUM Snapping action up and down on a historically old cheque writer. Tin body hollowly resonating throughout.
MECK CLICK Checkwriter Up Down Headman.wav	METAL CLICK MECHANISM MEDIUM Snapping action up and down on a historically old cheque writer. Tin body resonating, slightly scraping.
MECK CLICK Checkwriter Up Down Lightning.wav	METAL CLICK MECHANISM MEDIUM Snapping action up and down on a historically old cheque writer. Solid body with spring resonating, slightly grinding.
MECK CLICK Checkwriter Up Down Safeguard.wav	METAL CLICK MECHANISM MEDIUM Snapping action up and down on a historically old cheque writer. Tin body with spring hollowly resonating, slightly ringing.
MECK CLICK Checkwriter Up Down Unknown.wav	METAL CLICK MECHANISM MEDIUM Snapping action up and down on a historically old cheque writer. Tin body hollowly resonating.
MECK CLICK Constant Air Gun Fast.wav	METAL CLICK MECHANISM MEDIUM Quickly turning part of an toy air gun. Clicking followed by locking breech mechanism with clacking.
MECK CLICK Constant Air Gun Slow.wav	METAL CLICK MECHANISM MEDIUM Slowly turning part of an toy air gun. Clicking followed by locking breech mechanism with clacking.
MECK CLICK Constant Bell Typewriter The Oliver.wav	METAL CLICK MECHANISM MEDIUM Moving the carriage of an old typewriter, constantly clicking. Slightly rattling metal parts and bell shortly dinging on end.
MECK CLICK Constant Calculating Machine Brunsviga.wav	METAL CLICK MECHANISM MEDIUM Moving the lever of an old calculating machine up and down with a spring and housing resonating.
MECK CLICK Constant Calculating Machine Hamann.wav	METAL PLASTIC CLICK MECHANISM MEDIUM Pushing and releasing a button on an old mechanical calculator with clicking and snapping. Housing resonating slightly.
MECK CLICK Constant Calculating Machine VEB.wav	METAL PLASTIC CLICK MECHANISM MEDIUM Constantly turning the crank of an old calculating machine, rhythmically. Toothed wheels rattling softly. Housing resonating.

FILENAME	DESCRIPTION
MECK CLICK Constant Fast Typewriter Adler.wav	METAL CLICK MECHANISM MEDIUM Quickly moving the carriage of an old typewriter, constantly clicking. Rattling metal parts and subtly thudding on impact.
MECK CLICK Constant Slow Typewriter Adler.wav	METAL CLICK MECHANISM MEDIUM Slowly moving the carriage of an old typewriter, constantly clicking. Rattling metal parts and subtly thudding on impact.
MECK CLICK Constant Small Typewriter Remington.wav	METAL CLICK MECHANISM MEDIUM Moving the carriage of an old typewriter, constantly clicking. Slightly rattling metal parts and thud bump on end.
MECK CLICK Constant Toy Air Gun High.wav	METAL CLICK MECHANISM MEDIUM Turning part of a toy air gun at various speeds. Clicking followed by locking breech mechanism with clacking and some rattling.
MECK CLICK Constant Toy Air Gun Resonant.wav	METAL CLICK MECHANISM MEDIUM Turning part of a toy air gun at various speeds. Clicking followed by locking breech mechanism with loud clacking.
MECK CLICK Constant Toy Air Gun.wav	METAL CLICK MECHANISM MEDIUM Turning part of a toy air gun at various speeds. Clicking followed by locking breech mechanism with clacking.
MECK CLICK Constant Typewriter Carriage The Oliver.wav	METAL CLICK MECHANISM MEDIUM Moving the carriage of an old typewriter, constantly clicking. Slightly rattling metal parts and thud bump on end.
MECK CLICK Constant Typewriter Lambert.wav	METAL CLICK MECHANISM SMALL Snapping action of a historically old typewriter. Clicking constantly with various paces.
MECK CLICK Constant Typewriter Remington Noiseless.wav	METAL PLASTIC TURN MECHANISM MEDIUM Turning the platen of an old typewriter with different speeds from slow to fast with clicking sound. Tin housing rattling and ringing throughout.
MECK CLICK Constant Typewriter Remington.wav	METAL CLICK MECHANISM MEDIUM Constantly pushing and releasing shift key, rhythmically with carriage rattling. Metal parts ringing and housing resonating.
MECK CLICK Constant Typewriter Standard.wav	METAL CLICK MECHANISM MEDIUM Constantly pushing and releasing shift key, rhythmically with keyboard rattling. Metal parts ringing subtly and housing resonating.
MECK CLICK Constant Typewriter The Oliver.wav	METAL CLICK MECHANISM MEDIUM Constantly pushing and releasing shift key, rhythmically. Metal parts rattling and housing resonating.
MECK CLICK Constant Typewriter Valentine.wav	METAL CLICK MECHANISM MEDIUM Constantly pushing and releasing shift key on an old typewriter, rhythmically. Metal parts rattling slightly and housing resonating.
MECK CLICK Counter Calculating Machine Triumphator.wav	METAL PLASTIC CLICK MECHANISM MEDIUM Turning the crank of an old calculating machine. Toothed wheels rattling and clicking. Housing resonating slightly.
MECK CLICK Counter Reset Calculating Machine VEB.wav	METAL PLASTIC CLICK MECHANISM MEDIUM Pushing reset lever of an old calculating machine. Loudly snapping, followed by toothed wheels rattling and a spring resonating in plastic housing.
MECK CLICK Dial Chunky Metal Multiple Fast Turns.wav	METAL CLICK MECHANISM MEDIUM Quickly turning a rotary dial. Clicking sounds with housing resonating throughout.
MECK CLICK Dial Chunky Metal Multiple Slow Turns.wav	METAL CLICK MECHANISM MEDIUM Slowly turning a rotary dial. Clicking sounds with housing resonating throughout.
MECK CLICK Dial Metal Multiple Fast Turns Light.wav	METAL CLICK MECHANISM MEDIUM Turning thin rotary dial with clicking sounds. Housing resonating throughout.
MECK CLICK Dial Metal Multiple Fast Turns.wav	METAL CLICK MECHANISM MEDIUM Turning solid rotary dial with clicking sounds. Housing resonating throughout.
MECK CLICK Dial Metal Single Slow Turns.wav	METAL CLICK MECHANISM MEDIUM Slowly turning solid rotary dial with clicking sounds. Housing resonating throughout.
MECK CLICK Dictation Machine Stenorette.wav	METAL PLASTIC CLICK MECHANISM MEDIUM Snapping action of an old dictation machine. Spring resonating after each clicking.
MECK CLICK Double Constant Typewriter Ceta.wav	METAL PLASTIC CLICK MECHANISM MEDIUM Constantly snapping and clicking various keys of an old typewriter.
MECK CLICK Double Typewriter Adler.wav	METAL CLICK MECHANISM MEDIUM Pushing and releasing keys on an old typewriter. Slightly rattling and resonating of tin body.
MECK CLICK Double Typewriter Ceta.wav	METAL PLASTIC CLICK MECHANISM MEDIUM Pushing and releasing keys on an old typewriter. Slightly rattling and resonating body.
MECK CLICK Double Typewriter Remington.wav	METAL CLICK MECHANISM MEDIUM Pushing and releasing keys on an old typewriter. Slightly rattling.
MECK CLICK Letter Broken Typewriter The Oliver.wav	METAL CLICK MECHANISM MEDIUM Single pushing and releasing keys of an old, broken typewriter. Metal parts rattling, letters snapping.
MECK CLICK Letter Constant Broken Typewriter The Oliver.wav	METAL CLICK MECHANISM MEDIUM Constantly pushing and releasing keys on an old, broken typewriter. Metal parts rattling, letters snapping.
MECK CLICK Letter Constant Typewriter Mercedes Five.wav	METAL CLICK MECHANISM MEDIUM Constantly pushing and releasing keys on an old typewriter. Metal parts rattling, letters snapping.
MECK CLICK Letter Constant Typewriter Valentine.wav	METAL PLASTIC CLICK MECHANISM MEDIUM Constantly pushing and releasing keys on an old typewriter. Parts rattling, letters snapping.
MECK CLICK Letter Typewriter Ceta.wav	METAL PLASTIC CLICK MECHANISM MEDIUM Single pushing and releasing keys of an old typewriter. Metal slide moving with short rattling sound.
MECK CLICK Letter Typewriter Mercedes Five.wav	METAL CLICK MECHANISM MEDIUM Single pushing and releasing keys of an old typewriter. Metal parts rattling, letters snapping.
MECK CLICK Letter Typewriter Remington.wav	METAL CLICK MECHANISM MEDIUM Single pushing and releasing keys of an old typewriter. Parts rattling, letters snapping.

FILENAME	DESCRIPTION
MECK CLICK Letter Typewriter Valentine.wav	METAL PLASTIC CLICK MECHANISM MEDIUM Single pushing and releasing keys on an old typewriter. Parts rattling, letters snapping.
MECK CLICK Lever Constant Typewriter Remington Noiseless.wav	METAL CLICK MECHANISM MEDIUM Constantly pushing and releasing the lever of on an old typewriter, rhythmically. Parts rattling and ringing, body resonating with bumping impacts.
MECK CLICK Light Metal Clatter Grinding Resonating Long.wav	METAL HASPEL MECHANISM MEDIUM Metal parts slowly clattering over the edge of a pot, rattling and ringing with scraping underneath.
MECK CLICK Light Metal Clatter Grinding Resonating Short.wav	METAL HASPEL MECHANISM MEDIUM Metal parts quickly clattering over the edge of a pot, rattling and ringing with scraping underneath.
MECK CLICK Low Snap Typewriter Kanzler.wav	METAL CLICK MECHANISM MEDIUM Pushing space bar of an old typewriter. Low, boomy resonance with metal parts rattling.
MECK CLICK Metal Guide Roller Long.wav	METAL CLICK MECHANISM SMALL Turning the wheel of a cable sheave with toothed wheels highly clicking. Some rattling.
MECK CLICK Metal Guide Roller Short.wav	METAL CLICK MECHANISM SMALL Quickly turning the wheel of a cable sheave with toothed wheels highly clicking. Some rattling.
MECK CLICK Metal Latch Clunk.wav	METAL CLICK MECHANISM MEDIUM Operating latch handle with clacking and rattling clasp elements.
MECK CLICK Metal Latch Lock Clunk.wav	METAL LOCKING MECHANISM MEDIUM Operating latch handle with clacking and rattling clasp elements. Slightly reverberant.
MECK CLICK Metal Nasty High Screech.wav	METAL SQUEAK SWEETENER SMALL Grinding metal over a tin body. Very nasty, high squeaking with a stressed spring like sound.
MECK CLICK Metal Pot Clattering Ringing.wav	METAL HASPEL MECHANISM MEDIUM Pulling a saw blade over a metal pots edge, clicking and rattling, constantly ringing and resonating.
MECK CLICK Metal Punch Typewriter Kanzler.wav	METAL CLICK MECHANISM MEDIUM Snap releasing part of an old typewriter with a thudding impact. Metal flap resonating and some clicking.
MECK CLICK Metal Ratchet Small Handling Open Close Fast.wav	METAL CLICK MECHANISM SMALL Quickly opening and closing a small metal ratchet with a snapping impact. Slightly rattling and clattering of loose parts.
MECK CLICK Metal Ratchet Small Handling Open Close Slow.wav	METAL CLICK MECHANISM SMALL Slowly opening and closing a small metal ratchet with some snapping. Slightly rattling and clattering of loose parts.
MECK CLICK Metal Ratchet Small Handling.wav	METAL CLICK MECHANISM SMALL Handling a small metal ratchet. Loose parts clicking and rattling.
MECK CLICK Metal Ratchet Small Turn Sequence.wav	METAL CLICK MECHANISM SMALL Turning a small metal ratchet with at different speeds. Clicking, slightly rattling and clattering of loose parts.
MECK CLICK Metal Ratchet Wrench Fast.wav	METAL HASPEL MECHANISM MEDIUM Quickly turning a ratchet wrench. Toothed wheels rattling and clicking loudly. Sounds like a haspel mechanism.
MECK CLICK Metal Ratchet Wrench Slow.wav	METAL HASPEL MECHANISM MEDIUM Slowly turning a ratchet wrench. Toothed wheels rattling and clicking. Sounds like a haspel mechanism.
MECK CLICK Metal Roller Shutter.wav	METAL CLICK MECHANISM SMALL Moving latch from roller shutter. Slightly squeaking and rattling and with high click.
MECK CLICK Metal Scissors Scrape Sequence Long.wav	METAL CLICK MECHANISM MEDIUM Constantly opening and closing a pair of shears, rhythmically. Snapping with subtly scraping and clicking underneath.
MECK CLICK Metal Suitcase Pulling Bar Slide.wav	METAL PLASTIC CLICK MECHANISM MEDIUM Sliding in and out of a suitcase pulling bar. Slightly ringing with a hollow body resonance underneath.
MECK CLICK Metal Tea Strainer Multiple.wav	METAL CLICK MECHANISM TINY Choppy closing of a thin tea egg. Slightly ringing and metallicly crackling.
MECK CLICK Metal Tea Strainer Single.wav	METAL CLICK MECHANISM TINY Opening or closing a thin tea egg. Slightly, metallicly crackling.
MECK CLICK Metal Tool Slide Clink.wav	METAL CLICK MECHANISM SMALL Quickly turning a torque screwdriver. Toothed wheels clicking shortly, highly with sliding noise underneath.
MECK CLICK Nut Runner Single Turns Fast.wav	METAL WOOD CLICK MECHANISM MEDIUM Quickly turning a ratchet on a resonating body, clicking and rattling.
MECK CLICK Nut Runner Single Turns Slow.wav	METAL WOOD CLICK MECHANISM MEDIUM Slowly turning a ratchet on a resonating body, clicking and rattling.
MECK CLICK Nut Runner Small Single Turn.wav	METAL WOOD CLICK MECHANISM MEDIUM Turning a ratchet on a resonating body, clicking and clattering.
MECK CLICK Nut Runner Small Turning Sequence.wav	METAL WOOD CLICK MECHANISM MEDIUM Constantly turning a ratchet on a resonating body, clicking and clattering.
MECK CLICK Nut Runner Turning Sequence.wav	METAL WOOD CLICK MECHANISM MEDIUM Constantly turning a ratchet on a resonating body, clicking and rattling.
MECK CLICK Pagination Stamp Handling.wav	METAL CLICK MECHANISM MEDIUM Handling an old pagination stamp. Metal parts clicking and snapping, some rattling.
MECK CLICK Pagination Stamp Sequence.wav	METAL WOOD CLICK MECHANISM MEDIUM Constantly pushing and releasing an old pagination stamp on a wooden resonating body, rhythmically. Clicking, thudding and some rattling.
MECK CLICK Pagination Stamp Single 01.wav	METAL WOOD CLICK MECHANISM MEDIUM Pushing and releasing an old pagination stamp on a wooden resonating body. Turning one digit. Clicking and thudding.

FILENAME	DESCRIPTION
MECK CLICK Pagination Stamp Single 02.wav	METAL WOOD CLICK MECHANISM MEDIUM Pushing and releasing an old pagination stamp on a wooden resonating body. Turning five digits. Clicking and thudding.
MECK CLICK Ratchet Big Open Close Short Resonant.wav	METAL HASPEL MECHANISM LARGE Opening and closing a very big ratchet on resonating body. Spring ringing. Short. Sounds like a haspel mechanism.
MECK CLICK Ratchet Big Open Close Short.wav	METAL HASPEL MECHANISM LARGE Opening and closing a very big ratchet. Short. Spring ringing. Sounds like a haspel mechanism.
MECK CLICK Ratchet Big Resonant Short.wav	METAL HASPEL MECHANISM LARGE Rotating big ratchet attached to resonating body, clacking. Spring ringing. Short. Sounds like a haspel mechanism.
MECK CLICK Ratchet Lever Loose Open Close Rolling.wav	METAL CLICK MECHANISM MEDIUM Handling the release switch of a ratchet wrench. Clicking and snapping, spring ringing slightly.
MECK CLICK Ratchet Lever Loose Open Close Sequence Fast.wav	METAL CLICK MECHANISM MEDIUM Quickly handling the release switch of a ratchet wrench. Clicking and snapping. Some subtly squeaking.
MECK CLICK Ratchet Lever Loose Open Close Sequence.wav	METAL CLICK MECHANISM MEDIUM Continuously handling the release switch of a ratchet wrench. Clicking and snapping, spring ringing. Some squeaking.
MECK CLICK Ratchet Lever Loose Open Close.wav	METAL CLICK MECHANISM MEDIUM Handling the release switch of a ratchet wrench. Clicking and snapping, some spring ringing.
MECK CLICK Ratchet Lever Snap Open Close Sequence Slow.wav	METAL CLICK MECHANISM MEDIUM Continuously opening and closing a ratchet wrench. Clicking and snapping. Some squeaking.
MECK CLICK Ratchet Lever Snap Open Close.wav	METAL CLICK MECHANISM MEDIUM Opening and closing a ratchet wrench. Clicking and snapping. Some squeaking.
MECK CLICK Ratchet Loose Rattle Sequence.wav	METAL CLICK MECHANISM SMALL Loosely turning a ratchet. Rattling, clicking and clattering.
MECK CLICK Ratchet Sequence Short To Long.wav	METAL CLICK MECHANISM SMALL Turning a ratchet at different paces, clicking and clattering.
MECK CLICK Ratchet Sequence.wav	METAL CLICK MECHANISM SMALL Constantly turning ratchet, clicking and clattering.
MECK CLICK Ratchet Small Constant Open Close Long.wav	METAL CLICK MECHANISM SMALL Constantly opening and closing small ratchet on resonant body. Fast, long, continuous sequences.
MECK CLICK Ratchet Small Single Open Close.wav	METAL CLICK MECHANISM SMALL Opening and closing small ratchet on resonant body. Multiple slow movements.
MECK CLICK Ratchet Wood Long to Short Squeaky.wav	WOOD CLICK MECHANISM MEDIUM Turning a wooden ratchet with increasing speeds. Squeaking and rattling.
MECK CLICK Ratchet Wood Long to Short.wav	WOOD CLICK MECHANISM MEDIUM Turning a wooden ratchet with increasing speeds. Some slightly squeaking.
MECK CLICK Ratchet Wood Long.wav	WOOD CLICK MECHANISM MEDIUM Turning a wooden ratchet at different speeds. Some slightly squeaking.
MECK CLICK Ratchet Wood Short.wav	WOOD CLICK MECHANISM SMALL Shortly turning a wooden ratchet. Slightly squeaking underneath.
MECK CLICK Ratchet.wav	METAL CLICK MECHANISM SMALL Turning a ratchet, clicking and clattering.
MECK CLICK Road Bike Gear Shift.wav	PLASTIC CLICK MECHANISM SMALL Shifting gears of a racing cycle. Snapping plastic with slightly ringing.
MECK CLICK Sawblade Iron Rattling Resonating.wav	METAL CLICK MECHANISM MEDIUM Constantly pulling a saw blade over a metal pots edge, clicking and rattling, constantly ringing and resonating. Sounds like a bell.
MECK CLICK Scrape Typewriter Adler.wav	METAL CLICK MECHANISM MEDIUM Pushing and releasing keys on an old typewriter. Metal housing resonating, spring ringing with slight scraping noise underneath.
MECK CLICK Screwdriver Fast.wav	METAL CLICK MECHANISM SMALL Quickly turning a torque screwdriver. Toothed wheels clicking highly with some loose parts clattering.
MECK CLICK Screwdriver Slow.wav	METAL CLICK MECHANISM SMALL Slowly turning a torque screwdriver. Toothed wheels clicking highly with some loose parts clattering.
MECK CLICK Sequence Calculating Machine Triumphator.wav	METAL PLASTIC CLICK MECHANISM MEDIUM Pushing and releasing buttons of a calculating machine. Spring ringing and body resonating.
MECK CLICK Sequence Typewriter Ceta.wav	METAL WINDING MECHANISM MEDIUM Pulling and releasing the lever of an old typewriter. Clicking, ratchet-like with some metal parts rattling.
MECK CLICK Sequence Typewriter Valentine.wav	METAL CLICK MECHANISM MEDIUM Pushing and releasing a lever of an old typewriter. Clicking, ratchet-like with some metal parts rattling.
MECK CLICK Ski Boot Buckle Handling High.wav	METAL PLASTIC LOCKING MECHANISM MEDIUM Opening and closing the latch of a ski boot. Some rattling, squeaking and snapping. High timbre.
MECK CLICK Ski Boot Buckle Handling Low.wav	METAL PLASTIC LOCKING MECHANISM MEDIUM Opening and closing the latch of a ski boot. Some rattling, squeaking and snapping. Low timbre.
MECK CLICK Ski Boot Buckle Handling Squeaky.wav	METAL PLASTIC LOCKING MECHANISM MEDIUM Opening and closing the latch of a ski boot with force. Impacts, some squeaking and punching against the plastic hull.
MECK CLICK Slide Fast Typewriter Kanzler.wav	METAL MOVING MECHANISM MEDIUM Sliding the carriage of an old typewriter. Starting from a click, with a hollow body resonating and metal ringing on impact.
MECK CLICK Slot Machine Coin Insert Bajazzo.wav	METAL WOOD CLICK MECHANISM MEDIUM Inserting a coin into an old gaming machine. Metal clattering and coin dropping.

FILENAME	DESCRIPTION
MECK CLICK Slot Machine Coin Insert Bergmann Stollwerck.wav	METAL CLICK MECHANISM LARGE Inserting a coin into an old gaming machine. Parts clattering and coin dropping inside a big tin metal housing.
MECK CLICK Slot Machine Coin Insert Hermes Stollwerck.wav	METAL CLICK MECHANISM MEDIUM Inserting a coin into an old chocolate candy machine. Parts clattering and coin dropping inside a tin metal housing.
MECK CLICK Slot Machine Coin Insert Mum Hen.wav	METAL CLICK MECHANISM MEDIUM Inserting a coin into an old chocolate candy machine. Parts clattering and coin dropping inside a tin metal housing. Some bumping against housing.
MECK CLICK Slot Machine Coin Insert Mum Stork.wav	METAL CLICK MECHANISM MEDIUM Inserting a coin into an old chocolate candy machine. Parts clattering and coin dropping inside a tin metal housing.
MECK CLICK Slot Machine Coin Insert Reicherts Hexenhaus 01.wav	METAL CLICK MECHANISM LARGE Inserting a coin into an old chocolate candy machine. Parts clattering and coin dropping inside a tin metal housing.
MECK CLICK Slot Machine Coin Insert Reicherts Hexenhaus 02.wav	METAL CLICK MECHANISM MEDIUM Inserting a coin into an old chocolate candy machine. Parts clattering and coin dropping inside a tin metal housing.
MECK CLICK Slot Machine Lever Hermes Stollwerck.wav	METAL CLICK MECHANISM LARGE Pulling and releasing the lever of an old chocolate candy machine. Parts clattering and coin dropping inside a big tin metal housing.
MECK CLICK Slot Machine Lever Reicherts Hexenhaus 01.wav	METAL SNAP MECHANISM LARGE Pulling the lever of an old chocolate candy machine. Some crackling, parts rattling, ringing and sliding.
MECK CLICK Slot Machine Lever Reicherts Hexenhaus 02.wav	METAL SNAP MECHANISM MEDIUM Pulling the lever of an old chocolate candy machine. Parts rattling, ringing and sliding. Some coin dropping.
MECK CLICK Snap Button Calculating Machine Mercedes.wav	METAL PLASTIC CLICK MECHANISM MEDIUM Pushing knob on a historically old adding machine. Short clicking with single snap.
MECK CLICK Snap Button Tight Calculating Machine Mercedes.wav	METAL PLASTIC CLICK MECHANISM MEDIUM Pushing knob on a historically old adding machine. Short clicking with single snap.
MECK CLICK Snap Calculating Machine Badenia.wav	METAL PLASTIC CLICK MECHANISM MEDIUM Pushing knob on a historically old adding machine. Short clicking with snaps.
MECK CLICK Snap Calculating Machine Resulta.wav	METAL CLICK MECHANISM MEDIUM Sliding the number slider of an old calculating machine. Toothed wheels rattling and clicking. Housing resonating slightly.
MECK CLICK Snap Calculating Machine Victor Champion.wav	METAL PLASTIC CLICK MECHANISM MEDIUM Pushing and releasing buttons of a calculating machine. Loudly snapping bumps and body resonating.
MECK CLICK Snap Checkwriter Abbot.wav	METAL SNAP MECHANISM SMALL Operating cheque writer. Snapping and squeaking.
MECK CLICK Snap Constant Calculating Machine Mech Accountant.wav	METAL PLASTIC CLICK MECHANISM MEDIUM Constantly turning the crank of an old calculating machine. Toothed wheels slightly rattling and clicking. Housing resonating.
MECK CLICK Snap Constant Typewriter AEG Mignon.wav	METAL CLICK MECHANISM MEDIUM Constantly pushing and releasing the space bar of an old typewriter, rhythmically. Metal parts ringing and housing resonating.
MECK CLICK Snap Constant Typewriter Kanzler.wav	METAL CLICK MECHANISM MEDIUM Constantly pushing and releasing the space bar of an old typewriter, rhythmically. Metal parts rattling and housing resonating.
MECK CLICK Snap Double Typewriter Adler.wav	METAL CLICK MECHANISM MEDIUM Pushing and releasing key on an old typewriter, with carriage sliding and subtly crackling. Some metal parts ringing.
MECK CLICK Snap Fast Calculating Machine Badenia.wav	METAL PLASTIC CLICK MECHANISM MEDIUM Pushing knob on a historically old adding machine. Dull clicking and slightly snapping.
MECK CLICK Snap Sequence Printing Machine.wav	METAL PLASTIC CLICK MECHANISM MEDIUM Opening and closing an old printing machine. Hull clattering, metal parts ringing throughout.
MECK CLICK Snap Sequence Typewriter Adler.wav	METAL CLICK MECHANISM MEDIUM Moving carriage of an old typewriter. Some bumping with metal parts ringing and housing resonating.
MECK CLICK Snap Sequence Typewriter Mercedes Five.wav	METAL CLICK MECHANISM MEDIUM Straining the ribbon spool of an old typewriter with rattling. Some metal parts ringing and housing resonating.
MECK CLICK Snap Typewriter AEG Mignon.wav	METAL CLICK MECHANISM MEDIUM Pushing and releasing key on an old typewriter, with carriage sliding subtly. Metal parts ringing and housing resonating.
MECK CLICK Snap Typewriter Remington.wav	METAL CLICK MECHANISM MEDIUM Moving the carriage of an old typewriter, constantly clicking. Slightly rattling metal parts and clacking on end.
MECK CLICK Snap Typewriter Underwood.wav	METAL PLASTIC CLICK MECHANISM MEDIUM Turning the platen of an old typewriter. Vigorous rattling sound with clicking release. Some ringing, resonating.
MECK CLICK Snowboard Binding Handling Long.wav	PLASTIC CLICK MECHANISM MEDIUM Tightening a snowboard shoe binding system. Slightly rattling plastic snapping.
MECK CLICK Snowboard Binding Handling Short.wav	PLASTIC CLICK MECHANISM MEDIUM Tightening a snowboard shoe binding system. Slightly rattling plastic snapping. Single shots.
MECK CLICK Stapler Open Close Sequence.wav	METAL PLASTIC CLICK MECHANISM SMALL Constantly opening and closing the handle of an office stapler, rhythmically. Spring ringing throughout with parts rattling and clicking.
MECK CLICK Stapler Resonant Sequence.wav	METAL PLASTIC CLICK MECHANISM SMALL Constantly pushing and releasing the handle of an office stapler, rhythmically. Spring ringing throughout with parts clicking and hull crackling.
MECK CLICK Torque Wrench Turning Constant.wav	METAL HASPEL MECHANISM MEDIUM Constantly turning a torque wrench at various speeds. Parts rattling and clicking, some resonating body audible.

FILENAME	DESCRIPTION
MECK CLICK Torque Wrench Turning Sequence.wav	METAL HASPEL MECHANISM MEDIUM Choppily turning a torque wrench at various speeds. Parts rattling and clicking, some resonating body audible.
MECK CLICK Torque Wrench Turning Single.wav	METAL HASPEL MECHANISM MEDIUM Turning a torque wrench at various speeds. Parts rattling and clicking, some resonating body audible.
MECK CLICK Turn Calculating Machine Brunsviga.wav	METAL CLICK MECHANISM MEDIUM Turning the crank of an old calculating machine, rattling and clicking. Subtly ringing.
MECK CLICK Turn Constant Checkwriter Unknown.wav	METAL PLASTIC TURN MECHANISM MEDIUM Constantly turning the crank of an old cheque writer, clicking and snapping. Highly squeaking with grinding sound underneath.
MECK CLICK Turn Constant Typewriter AEG Mignon.wav	METAL CLICK MECHANISM MEDIUM Turning the platen of an old typewriter with different speeds from slow to fast. Tin rattling and ringing throughout.
MECK CLICK Turn Telephone Dial.wav	PLASTIC TURN MECHANISM MEDIUM Turning phone rotary dial with clicking sounds and spool releasing. Housing resonating throughout.
MECK CLICK Typewriter AEG Mignon.wav	METAL CLICK MECHANISM SMALL Operating typewriter. Sequences of clicks. Slightly resonating. Cheque writer.
MECK CLICK Typewriter The Oliver.wav	METAL CLICK MECHANISM MEDIUM Choppy crackling noises from typewriter buttons being stressed and pushed.
MECK CLICK Typewriter Underwood.wav	METAL CLICK MECHANISM SMALL Operating typewriter. Sequences of clicks. Cheque writer.
MECK CLICK Umbrella.wav	METAL CLICK MECHANISM SMALL Moving rod system of a small umbrella. Loud clicking sound in foreground.
MECK CLICK Wood Ratchet Wrench Fast.wav	METAL WOOD HASPEL MECHANISM MEDIUM Quickly turning a ratchet wrench with a wooden resonating body underneath. Toothed wheels rattling and clicking. Sounds like a haspel mechanism.
MECK CLICK Wood Ratchet Wrench Slow.wav	METAL WOOD HASPEL MECHANISM MEDIUM Slowly turning a ratchet wrench with a wooden resonating body underneath. Toothed wheels rattling and clicking. Sounds like a haspel mechanism.
MECK COMPLEX Bicycle Gear Shift Sequence Pedaling 01.wav	METAL DRIVE MECHANISM MEDIUM Turning the pedals of a bicycle, shifting gears with plastic clacking. Rattling spokes while idling. Some low humming resonance.
MECK COMPLEX Bicycle Gear Shift Sequence Pedaling 02.wav	METAL DRIVE MECHANISM MEDIUM Turning the pedals of a bicycle, shifting gears with plastic clacking. Rattling spokes while idling. Some low humming resonance.
MECK COMPLEX Calculating Machine Mech Accountant.wav	METAL COMPLEX MECHANISM SMALL Operating mechanical calculator. Starting with snap followed by rattling. Ending with another snap impact.
MECK COMPLEX Cash Register Old School.wav	METAL WOOD COMPLEX MECHANISM MEDIUM Opening and closing very old cash register. Sliding, snapping, rattling and ringing elements.
MECK COMPLEX Checkwriter Up Down Unknown.wav	METAL COMPLEX MECHANISM MEDIUM Moving the lever of an old cheque writer up and down with a spring resonating and some bumping impacts. Highly squeaking and rattling parts.
MECK COMPLEX Clack Checkwriter Unknown.wav	METAL CLICK MECHANISM MEDIUM Sliding the lever of an old cheque writer with impacts on end. Some parts clattering and slightly rattling with grinding noise underneath.
MECK COMPLEX Constant Calculating Machine Felix B3 Low.wav	METAL CLICK MECHANISM MEDIUM Constantly pushing and releasing a button on an old mechanical calculator with clicking. Housing ringing slightly.
MECK COMPLEX Constant Calculating Machine Triumphator.wav	METAL CLICK MECHANISM MEDIUM Turning the barrel of an old calculating machine at different speeds. Clicking and rattling with slightly ringing metal body.
MECK COMPLEX Constant Typewriter Kanzler.wav	METAL CLICK MECHANISM MEDIUM Turning the platen of an old typewriter at different speeds from slow to fast. Housing rattling and metal parts ringing throughout.
MECK COMPLEX Gramophone Case Open.wav	METAL WOOD COMPLEX MECHANISM LARGE Opening an old gramophone case with springs resonating. Some metal parts clattering and rattling upon impact.
MECK COMPLEX Metal Roller Shutter Handling.wav	METAL CLICK MECHANISM SMALL Handling a roller shutter multiple times. Sliding, latching, clicking, snapping and rattling.
MECK COMPLEX Metal Scissors Scrape Long Slow.wav	METAL COMPLEX MECHANISM MEDIUM Opening and closing a pair of shears. Snapping with scraping and oddly whining squeaking noise.
MECK COMPLEX Photo Camera Tensioning Lever Handling.wav	METAL PLASTIC COMPLEX MECHANISM SMALL Turning and releasing the tensioning lever of an analog photo camera. Toothed wheels crackling, clicking and snapping.
MECK COMPLEX Ratchet Hoist Big Handling.wav	METAL COMPLEX MECHANISM LARGE First two variations with chain rolling free until it automatically stops. Handling switches and short chain movements.
MECK COMPLEX Ratchet Hoist Big Roll Freewheel.wav	METAL COMPLEX MECHANISM LARGE Chain rolling and rattling in freewheel mode. Long sequences with varying speeds.
MECK COMPLEX Ring Out Calculating Machine Triumphator.wav	METAL COMPLEX MECHANISM SMALL Turning mechanism followed by snapping.
MECK COMPLEX Roll Snap Typewriter Adler.wav	METAL COMPLEX MECHANISM MEDIUM Sliding the carriage of an old typewriter. Starting with clicking followed by some grinding, subtly scraping and clacking on impact.
MECK COMPLEX Scissors Handling Scrape Whistling.wav	METAL COMPLEX MECHANISM MEDIUM Handling, opening and closing a pair of shears. Snapping with spring ringing and oddly whistling squeaking noise. Some scraping.

FILENAME	DESCRIPTION
MECK COMPLEX Slide Bell Ring Typewriter Remington Noiseless.wav	METAL COMPLEX MECHANISM MEDIUM Sliding the carriage of an old typewriter. Starting from a clack with body resonating and a bell ringing on impact.
MECK COMPLEX Slide Bell Ring Typewriter Underwood.wav	METAL COMPLEX MECHANISM MEDIUM Sliding the carriage of an old typewriter. Body resonating, some grinding and a bell ringing on impact.
MECK COMPLEX Slide Click Snap Typewriter Mercedes Five.wav	METAL COMPLEX MECHANISM MEDIUM Quickly sliding the carriage of an old typewriter. Starting with clicking and rattling accompanied by subtly scraping and clacking on impact.
MECK COMPLEX Slide Sequence Typewriter Mercedes Five.wav	METAL COMPLEX MECHANISM MEDIUM Sliding the carriage of an old typewriter. Starting with clicking and rattling accompanied by subtly scraping and clacking on impact.
MECK COMPLEX Slide Snap Bell Typewriter Standard.wav	METAL COMPLEX MECHANISM MEDIUM Subtly sliding the carriage of an old typewriter. Body resonating and a bell ringing on impact.
MECK COMPLEX Slide Snap Long Typewriter Mercedes Five.wav	METAL COMPLEX MECHANISM MEDIUM Sliding the carriage of an old typewriter. Starting from a click, with a hollow body resonating and metal ringing on impact.
MECK COMPLEX Slide Snap Ring Typewriter AEG Mignon.wav	METAL COMPLEX MECHANISM MEDIUM Sliding the carriage of an old typewriter. Clicking, spring ringing, body resonating and a bell dinging multiply on impact.
MECK COMPLEX Slide Snap Typewriter AEG Mignon.wav	METAL COMPLEX MECHANISM MEDIUM Sliding the carriage of an old typewriter. Clicking, body resonating and spring ringing on impact. Some rattling.
MECK COMPLEX Slot Machine Lever Bergmann Stollwerck.wav	METAL COMPLEX MECHANISM LARGE Pulling the lever of an old gaming machine. Parts clattering and coin dropping inside a big tin metal housing.
MECK COMPLEX Slot Machine Lever Hermes Stollwerck.wav	METAL COMPLEX MECHANISM LARGE Pulling and releasing the lever of an old chocolate candy machine. Parts clattering and coin dropping inside a big tin metal housing.
MECK COMPLEX Slot Machine Sequence 01 Bajazzo.wav	METAL WOOD COMPLEX MECHANISM MEDIUM Operating an old gaming machine. Small metal ball clicking, rattling and thudding inside of a wooden body. Slider sliding. Coins and metal clattering.
MECK COMPLEX Slot Machine Sequence 02 Bajazzo.wav	METAL WOOD COMPLEX MECHANISM MEDIUM Operating an old gaming machine. Small metal ball clicking, rattling and thudding inside of a wooden body. Slider sliding. Coins and metal clattering.
MECK COMPLEX Stapler Loading Sequence Long.wav	METAL COMPLEX MECHANISM SMALL Loading a stapler. Clicking and snapping. Sequence. Long.
MECK COMPLEX Stapler Loading Sequence Short.wav	METAL COMPLEX MECHANISM SMALL Loading a stapler. Clicking and snapping. Sequence. Short.
MECK COMPLEX Toothed Wheels Calculating Machine Triumphator.wav	METAL TURN MECHANISM MEDIUM Turning the crank of an old calculating machine, rattling, clicking and snapping. Subtly ringing.
MECK COMPLEX Typewriter Standard.wav	METAL PLASTIC TURN MECHANISM MEDIUM Turning the platen of an old typewriter, followed by loudly snapping. Clicking and slightly rattling.
MECK COMPLEX Typewriter Valentine.wav	METAL PLASTIC COMPLEX MECHANISM MEDIUM Moving the carriage of an old typewriter, slightly scraping. Softly grinding with loud thud bumps on end.
MECK COMPLEX Wall Clock Chime Sequence.wav	METAL MOVING MECHANISM MEDIUM Operating wall clock. Whirring, resonating and chiming.
MECK COMPLEX Wall Clock Handling Various Clicks.wav	METAL MOVING MECHANISM MEDIUM Operating wall clock. Clicking, snapping and some winding.
MECK COMPLEX Wood Gramophone Start Stop.wav	WOOD PLASTIC COMPLEX MECHANISM MEDIUM Starting and stopping an old, wind-up gramophone. Upon clicking button, turntable rotates grinding softly, ending snapping loudly.
MECK MOVEMENT Ball in Metal Pot Turning Sequence.wav	METAL MOVING MECHANISM SMALL Boules ball rotating rhythmically in a pot.
MECK MOVEMENT Bell Sawing Ringing Up and Down.wav	METAL MOVING MECHANISM SMALL Sliding a thin saw blade up and down a bell. Slightly scraping and rattling, constantly ringing.
MECK MOVEMENT Bench Vise Single Turn.wav	METAL WOOD MOVING MECHANISM LARGE A solid bench vise mounted to a large chest being turned. Low resonance with scraping and squeaking, some clicking parts.
MECK MOVEMENT Bench Vise Turning Sequence.wav	METAL WOOD MOVING MECHANISM LARGE A solid bench vise mounted to a large chest being turned constantly. Low resonance with scraping and squeaking, some clicking parts.
MECK MOVEMENT Corking Machine.wav	METAL TURN MECHANISM MEDIUM Adjusting height from a corking machine. Low, rattling and clicking. Different speeds.
MECK MOVEMENT Garden Shears Snap Scrape Sequence.wav	METAL CLICK MECHANISM SMALL Constantly opening and closing garden shears, rhythmically clicking and snapping on impact. Some scraping, slightly.
MECK MOVEMENT Knife Grinder Large.wav	METAL WOOD MOVING MECHANISM LARGE A knife sharpener mounted to a large chest being turned with various speeds. Scraping, grinding and squeaking noises.
MECK MOVEMENT Knife Grinder Medium.wav	METAL WOOD MOVING MECHANISM MEDIUM A knife sharpener mounted to a medium chest being turned with various speeds. Scraping, grinding and squeaking noises.
MECK MOVEMENT Knife Grinder Small.wav	METAL MOVING MECHANISM SMALL A knife sharpener being turned with various speeds. Scraping, grinding and squeaking noises.

FILENAME	DESCRIPTION
MECK MOVEMENT Metal Gear Rattling Long.wav	METAL MOVING MECHANISM MEDIUM Scraping metallic gear with different speeds. Rattling, ringing, clanging and long.
MECK MOVEMENT Metal Gear Rattling Short.wav	METAL MOVING MECHANISM MEDIUM Scraping metallic gear with different speeds. Rattling, ringing, clanging and short.
MECK MOVEMENT Metal On Spokes With Pedaling.wav	METAL DRIVE MECHANISM SMALL Turning the pedals of a bicycle. Metal attached to spokes tinkling, spokes rattling and clicking. Some idling.
MECK MOVEMENT Metal On Spokes Without Pedaling.wav	METAL DRIVE MECHANISM SMALL Turning the wheel of a bicycle. Metal attached to spokes tinkling musically, spokes rattling and clicking.
MECK MOVEMENT Metal Turn Squeak Large Agricultural Tool.wav	METAL MOVING MECHANISM LARGE Turning a massive plow on a huge resonating body. Rumbling low end with metal parts clattering and rattling, squeaking and grinding.
MECK MOVEMENT Metal Turn Squeak Large Short Agricultural Tool.wav	METAL MOVING MECHANISM LARGE Turning a massive plow on a huge resonating body, shortly. Rumbling low end with metal parts clattering and rattling, squeaking and grinding.
MECK MOVEMENT Plastic Hinge Squeak Open Close.wav	PLASTIC MOVING MECHANISM SMALL Moving a hinge back and forth, revealing a squeaking noise that sounds like quacking.
MECK MOVEMENT Plastic Hinge Squeak Vibrato.wav	PLASTIC MOVING MECHANISM SMALL Moving a hinge back and forth, revealing a vibrating, squeaking noise that sounds like quacking.
MECK MOVEMENT Ratchet Medium Wooden Rattle Fast.wav	METAL WOOD CLICK MECHANISM MEDIUM Quickly turning a ratchet. Clicking and rattling with wooden resonance underneath.
MECK MOVEMENT Ratchet Medium Wooden Rattle Slow.wav	METAL WOOD CLICK MECHANISM MEDIUM Turning a ratchet with chain ringing throughout. Clicking and rattling with wooden resonance.
MECK MOVEMENT Rolling Chain.wav	METAL WOOD WINDING MECHANISM LARGE Moving wooden coil with big metal chain attached to it. Continuously rattling sequences. Varying in speed.
MECK MOVEMENT Slot Machine Lever Bajazzo.wav	METAL WOOD MOVING MECHANISM MEDIUM Sliding the slider of an old gaming machine. Scraping and grinding, metal parts rattling and clattering.
MECK MOVEMENT Snap Checkwriter Abbot.wav	METAL MOVING MECHANISM SMALL Turning mechanism of typewriter. Several of clicks. Squeaking. Cheque writer.
MECK MOVEMENT Tin Spintop Multiple Turns.wav	METAL MOVING MECHANISM MEDIUM Spinning a top multiple times. Rattling and squeaking.
MECK MOVEMENT Tin Spintop Turning Sequence.wav	METAL MOVING MECHANISM MEDIUM Spinning a top, long sequence. Rattling and squeaking.
MECK MOVEMENT Toothed Wheels Calculating Machine Squeak Triumphantor.wav	METAL TURN MECHANISM MEDIUM Moving the crank of an old calculating machine back and forth, rattling, clicking and snapping. Subtly ringing and squeaking.
MECK MOVEMENT Turn Click Radiation Detector.wav	PLASTIC TURN MECHANISM MEDIUM Pushing and releasing the handle of a hand driven dynamo radiation detector. Parts clicking and rattling, spool howling upon release.
MECK MOVEMENT Washers Spinning Hollow.wav	METAL MOVING MECHANISM MEDIUM Various amounts of small washers rattling down a threaded rod on resonating body. Constantly rattling, clicking with occasionally ringing.
MECK MOVEMENT Washers Spinning on Bell.wav	METAL MOVING MECHANISM SMALL Various amounts of small washers rattling on a bell. Constantly rattling and clicking with ringing.
MECK MOVEMENT Washers Spinning on Brake Disc Rattling.wav	METAL MOVING MECHANISM SMALL Various amounts of small washers on a brake disc. Constantly rattling, clicking with occasionally ringing.
MECK MOVEMENT Washers Spinning on Brake Disc Resonating.wav	METAL MOVING MECHANISM SMALL Various amounts of small washers on solid brake disc. Constantly rattling, clicking with ringing.
MECK MOVEMENT Washers Spinning Resonating.wav	METAL MOVING MECHANISM MEDIUM Various amounts of small washers rattling down a threaded rod on a metal pot. Constantly rattling, clicking with occasionally ringing.
MECK MOVEMENT Washers Spinning Ringing.wav	METAL MOVING MECHANISM SMALL Various amounts of small washers rattling down a threaded rod attached to a bell. Constantly rattling, clicking with occasionally ringing.
MECK MOVEMENT Washers Spinning.wav	METAL MOVING MECHANISM SMALL Various amounts of small washers rattling down a threaded rod. Constantly rattling, clicking with occasionally ringing.
MECK MOVEMENT Wheel and Axle Clattering.wav	METAL MOVING MECHANISM SMALL Turning wheel and pressing axle against it with different speeds. Rattling and ringing.
MECK MOVEMENT Wooden Box Locking Apparatus Big Open Close.wav	WOOD TURN MECHANISM MEDIUM Gear driven locking mechanism of a small box attached to a medium sized resonating body. Parts clattering, rattling and slightly squeaking.
MECK MOVEMENT Wooden Box Locking Apparatus Small Open Close High.wav	WOOD PLASTIC TURN MECHANISM MEDIUM Gear driven locking mechanism of a small box attached to a medium sized resonating body. Loudly rattling, parts clattering. Some scraping.
MECK MOVEMENT Wooden Box Locking Apparatus Small Open Close Low.wav	WOOD PLASTIC TURN MECHANISM MEDIUM Gear driven locking mechanism of a small box attached to a medium sized resonating body. Loudly rattling, parts clattering. Some scraping.

FILENAME	DESCRIPTION
MECK MOVEMENT Wooden Box Locking Apparatus Small Open Close Short.wav	WOOD PLASTIC TURN MECHANISM MEDIUM Quickly operating gear driven locking mechanism of a small box attached to a medium sized resonating body. Loudly rattling, parts clattering.
MECK MOVEMENT Wooden Box Locking Apparatus Small Open Close.wav	WOOD PLASTIC TURN MECHANISM MEDIUM Gear driven locking mechanism of a small box attached to a medium sized resonating body. Loudly rattling, parts clattering. Some scraping.
MECK RATTLE Bicycle Cardboard And Bell On Spokes With Pedaling.wav	METAL CARDBOARD DRIVE MECHANISM SMALL Cardboard rattling on bike spokes, modified with a small, ringing bell.
MECK RATTLE Bicycle Cardboard And Bells On Spokes With Pedaling.wav	METAL CARDBOARD DRIVE MECHANISM SMALL Cardboard rattling on bike spokes, modified with several small, ringing bells.
MECK RATTLE Bicycle Pedaling.wav	METAL PLASTIC DRIVE MECHANISM MEDIUM Pedaling bike wheel at different speeds with rattling and clicking of spokes.
MECK RATTLE Bicycle Plastic On Spokes With Pedaling 01.wav	METAL PLASTIC DRIVE MECHANISM MEDIUM Plastic card rattling on bike spokes at different speeds.
MECK RATTLE Bicycle Plastic On Spokes With Pedaling 02.wav	METAL PLASTIC DRIVE MECHANISM MEDIUM Plastic card rattling on bike spokes at different speeds with a hollow resonating body underneath.
MECK RATTLE Channeled Sheet Scrape.wav	METAL MOVING MECHANISM MEDIUM Scraping checker plate. Rusty and resonating with varying pitch. Metal loosely rattling and clattering.
MECK RATTLE Channeled Sheet Squeak.wav	METAL SQUEAK SWEETENER MEDIUM Scratching checker plate. Rusty and resonating with varying pitch.
MECK RATTLE Coffee Grinder Empty Sequence.wav	METAL CLICK MECHANISM SMALL Rattling loose parts of a coffee grinder. Clicking sound.
MECK RATTLE Crosscut Ringing High.wav	METAL HASPEL MECHANISM SMALL Crosscut rattling over solid metal, constantly ringing. Sounds like a haspel mechanism being turned.
MECK RATTLE Crosscut Ringing Hollow.wav	METAL HASPEL MECHANISM MEDIUM Crosscut rattling over a small, hollow pot, constantly ringing. Sounds like a haspel mechanism being turned.
MECK RATTLE Crosscut Ringing Low.wav	METAL HASPEL MECHANISM MEDIUM Crosscut rattling over a medium sized, hollow pot, constantly ringing. Sounds like a haspel mechanism being turned.
MECK RATTLE Folding Bike Pedaling Sequence.wav	METAL DRIVE MECHANISM SMALL Constantly turning the pedals of a folding bicycle, varying in speed and intensity. Idling in the end. Spokes clicking and rattling throughout.
MECK RATTLE Iron Winch Clatter.wav	METAL HASPEL MECHANISM MEDIUM A solid iron bar clattering over edgy metal parts, constantly ringing. Sounds like a haspel mechanism being turned.
MECK RATTLE Manual Bread Slicing Machine Modified Turning Sequence.wav	METAL HASPEL MECHANISM MEDIUM Constantly turning a hand driven bread slicing machine with a metal bail attached, clattering and squeaking. Sounds like a haspel mechanism.
MECK RATTLE Manual Bread Slicing Machine Turning Sequence.wav	METAL HASPEL MECHANISM MEDIUM Constantly turning a hand driven bread slicing machine grinding and rattling with some squeaking. Sounds like a haspel mechanism.
MECK RATTLE Metal Petrol Lamp Squeak Fast.wav	METAL MOVING MECHANISM SMALL Quickly turning head of an old petrol lamp. Tin loosely rattling and scraping. Highly squeaking.
MECK RATTLE Metal Petrol Lamp Squeak.wav	METAL MOVING MECHANISM SMALL Turning head of an old petrol lamp. Tin loosely rattling and scraping. Highly squeaking.
MECK RATTLE Rusty Metal Slide Small.wav	METAL CLICK MECHANISM SMALL Moving a rusty metal slide with rattling and clicking. Snapping in the beginning.
MECK RATTLE Squeak Checkwriter Chequepunch.wav	METAL CLICK MECHANISM MEDIUM Moving the carriage of an old calculating machine. Highly squeaking, parts rattling and clacking. Housing resonating.
MECK RATTLE Umbrella Open.wav	METAL CLICK MECHANISM SMALL Rod system of a small umbrella in action. Clattering and rattling wonky thin metal wires and snapping sound.
MECK RATTLE Vintage Manual Sewing Machine Sequence.wav	METAL DRIVE MECHANISM SMALL Moving the driving system of an old, historic sewing machine. Parts rattling, clattering and squeaking.
MECK RATTLE Washers Clattering.wav	METAL MOVING MECHANISM SMALL Various amounts of small washers rattling down a threaded rod. Constantly rattling, clicking with occasionally ringing. Decreasing intensity.
MECK RATTLE Washers Grinding Fast.wav	METAL MOVING MECHANISM MEDIUM Quickly grinding small washers over a solid brake disk. Rattling and metallicly resonating.
MECK RATTLE Washers Grinding Resonating.wav	METAL MOVING MECHANISM MEDIUM Slowly grinding small washers over a solid brake disk. Rattling and metallicly resonating.
MECK RATTLE Washers Grinding Slow.wav	METAL MOVING MECHANISM MEDIUM Slowly grinding small washers over a threaded rod attached to a pot. Rattling and metallicly resonating, ringing out.
MECK RATTLE Wood Winch.wav	WOOD HASPEL MECHANISM MEDIUM Turning a wooden ratchet at different speeds. Rattling and slightly ringing. Sounds like a haspel mechanism.
MECK ROLL Cable Caddy Constant.wav	METAL PLASTIC HASPEL MECHANISM LARGE Constantly turning a hollow cable spool, slightly rattling and grinding.

FILENAME	DESCRIPTION
MECK ROLL Cable Caddy Out.wav	METAL PLASTIC HASPEL MECHANISM LARGE Rolling cable off a hollow cable spool. Slightly rattling and grinding, subtly ringing.
MECK ROLL Cable Caddy Short.wav	METAL PLASTIC HASPEL MECHANISM LARGE Rolling cable off a hollow cable spool, shortly. Slightly ringing, rattling and grinding.
MECK ROLL Cable Take Up Large.wav	METAL HASPEL MECHANISM LARGE Moving coiler and let it roll out. Hollow and resonating with some rattling and ringing elements.
MECK ROLL Cable Take Up Medium.wav	METAL HASPEL MECHANISM MEDIUM Continuously moving. Hollow and resonating with some rattling and ringing elements.
MECK ROLL Cable Take Up Small.wav	METAL HASPEL MECHANISM SMALL Moving coiler, let it roll and stop it. Hollow and resonating with some rattling and ringing elements.
MECK ROLL Cable Winch Tin Rolling.wav	METAL HASPEL MECHANISM MEDIUM Turning a winch, slightly squeaking, rattling and grinding.
MECK ROLL Click Snap Constant Calculating Machine Felix B3.wav	METAL PLASTIC TURN MECHANISM MEDIUM Constantly turning cranks of an old calculating machine with parts snapping, clicking and rattling. Some high ringing.
MECK ROLL Click Snap Ring Out Calculating Machine Triumphantor.wav	METAL PLASTIC TURN MECHANISM MEDIUM Turning the crank of an old calculating machine, rattling, clicking and snapping followed by a soft ringing.
MECK ROLL Coffee Grinder Empty Swing Sequence.wav	METAL TURN MECHANISM SMALL Constantly turning the crank of a coffee grinder. Highly whirring with some metal scraping and grinding.
MECK ROLL Coffee Grinder Empty Turn Sequence.wav	METAL WOOD TURN MECHANISM MEDIUM Constantly turning the crank of an empty coffee grinder. Whirring with some scraping and grinding sound.
MECK ROLL Coffee Grinder Medium Single Turn.wav	METAL WOOD TURN MECHANISM MEDIUM Single turns of a coffee grinder mounted on a resonating body. Parts rattling and some bumping.
MECK ROLL Coffee Grinder Medium Spins.wav	METAL WOOD TURN MECHANISM MEDIUM Giving a push to a coffee grinder mounted on a resonating body. Parts rattling with squeaking.
MECK ROLL Coffee Grinder Medium Turning Sequence.wav	METAL WOOD TURN MECHANISM MEDIUM Constantly turning a coffee grinder mounted on a resonating body. Parts rattling with squeaking.
MECK ROLL Guide Roller Small Short.wav	METAL PLASTIC MOVING MECHANISM SMALL Moving small guide roller. Short and fast with decreased rattling in the end.
MECK ROLL Massive Metal Crane Winch Spin.wav	METAL COMPLEX MECHANISM LARGE Huge crane winch rolling cable after initial impact, constantly scraping with rattling noises. Slightly reverberant.
MECK ROLL Mincing Machine Single Turn.wav	METAL TURN MECHANISM SMALL Turning a hand driven grinder attached to a hollow resonating body. Slightly squeaking and scraping.
MECK ROLL Mincing Machine Turning Sequence Small.wav	METAL TURN MECHANISM MEDIUM Constantly turning a hand driven grinder attached to a large, hollow resonating body. Filled with different materials, rattling, clattering and squeaking.
MECK ROLL Mincing Machine Turning Sequence.wav	METAL TURN MECHANISM SMALL Constantly turning a hand driven grinder attached to a hollow resonating body. Slightly squeaking and scraping.
MECK ROLL Roller Skates Fast.wav	PLASTIC ROLLERS MECHANISM MEDIUM Quickly rolling a single roller skate over resonating body. Plastic rattling, grinding and scraping. Some subtly squeaking.
MECK ROLL Roller Skates Slow.wav	PLASTIC ROLLERS MECHANISM MEDIUM Slowly rolling a single roller skate over resonating body. Plastic rattling, grinding and scraping. Some subtly squeaking.
MECK ROLL Thread Wooden Spinning.wav	WOOD MOVING MECHANISM LARGE Giving a push to a large wooden thread mounted to a big resonating body. Initial bump followed by softly grinding and some squeaking.
MECK ROLL Washers Down Studding.wav	METAL MOVING MECHANISM SMALL Roll washer attached to a studding spinning downwards. Different speeds and amount of attached roll washer.
MECK ROLL Wooden Box Wheel Spinning Loose.wav	METAL WOOD MOVING MECHANISM MEDIUM Pushing wheel attached to a hollow wooden box and let it spin. Resonating body, some metal parts clattering. Decreasing intensity.
MECK ROLL Wooden Box Wheel Spinning Tight.wav	METAL WOOD MOVING MECHANISM MEDIUM Pushing wheel attached to a hollow wooden box and let it spin, rattling fast. Resonating body. Decreasing intensity.
MECK ROLL Wooden Box Wheel Spinning.wav	METAL WOOD MOVING MECHANISM MEDIUM Pushing wheel attached to a hollow wooden box and let it spin, grinding tightly. Resonating body. Some rattling. Decreasing intensity.
MECK ROLL Wooden Box Wheel Turning Sequence.wav	METAL WOOD MOVING MECHANISM MEDIUM Constantly turning a wheel attached to hollow wooden box, slightly grinding. Resonating body. Decreasing intensity.
MECK SLIDE Brake Disk Heavy 01.wav	METAL TURN MECHANISM MEDIUM Heavy lever grinding over a brake disk. Single turns and constantly rotating, slightly scraping.
MECK SLIDE Brake Disk Heavy 02.wav	METAL TURN MECHANISM LARGE Heavy lever grinding over a brake disk. Constantly rotating and ringing, slightly scraping.
MECK SLIDE Chain Rattle on Tub.wav	METAL TURN MECHANISM MEDIUM Short chain sliding over a tin tub, highly ringing and hollowly resonating. Some metal clattering.

FILENAME	DESCRIPTION
MECK SLIDE Cylinder Scraping.wav	METAL MOVING MECHANISM MEDIUM Softly gliding solid metal part up and down tin cylinder with some rattling, scraping and squeaking. Sounds like a hydraulic mechanism.
MECK SLIDE Extendible Pole Sequence.wav	METAL CLICK MECHANISM MEDIUM Sliding extractable poles. Clicking, thudding and rattling. Slightly scraping, squeaking and swiftly grinding.
MECK SLIDE Extendible Pole.wav	METAL CLICK MECHANISM SMALL Sliding extractable poles. Clicking and rattling. Slightly scraping and softly grinding.
MECK SLIDE Grind Rippled Pole Tub Resonant Long.wav	METAL MOVING MECHANISM MEDIUM Slowly grinding rippled metal pole on tin tub. Rattling tonal and resonating.
MECK SLIDE Grind Rippled Pole Tub Resonant Short.wav	METAL MOVING MECHANISM MEDIUM Grinding rippled metal pole on tin tub. Rattling tonal and resonating.
MECK SLIDE Hand Driven Drill Single Turn.wav	METAL WOOD TURN MECHANISM MEDIUM Turning a hand driven drill, grinding on a large, hollow resonating body. Some squeaking and metal rattling.
MECK SLIDE Hand Driven Drill Turning Sequence.wav	METAL WOOD TURN MECHANISM MEDIUM Constantly turning a hand driven drill, grinding on a large, hollow resonating body. Some squeaking and metal rattling.
MECK SLIDE Hand Mixer Single Turn.wav	METAL WOOD TURN MECHANISM MEDIUM Turning a hand driven mixer, resonating a large, hollow body. Some scraping, grinding and ringing.
MECK SLIDE Hand Mixer Turning Sequence.wav	METAL WOOD TURN MECHANISM MEDIUM Constantly turning a hand driven mixer, resonating a large, hollow body. Some scraping, grinding and ringing.
MECK SLIDE Hinge Heavy Grinding Long.wav	METAL GRIND SWEETENER MEDIUM Slowly grinding metal over a solid plate with some resonating body underneath.
MECK SLIDE Hinge Heavy Grinding Short.wav	METAL GRIND SWEETENER MEDIUM Swiftly grinding metal over a solid plate with some resonating body underneath.
MECK SLIDE Hinge Loose Grinding Long.wav	METAL GRIND SWEETENER MEDIUM Slowly grinding metal over a solid plate with some resonating body underneath and various metal rattling and clattering.
MECK SLIDE Hinge Loose Grinding Short.wav	METAL GRIND SWEETENER MEDIUM Swiftly grinding metal over a solid plate with some resonating body underneath and various metal rattling and clattering.
MECK SLIDE Iron Bar Grinding Hollow Long.wav	METAL GRIND SWEETENER LARGE Slowly grinding metal over a hollow resonating body. Some scraping underneath.
MECK SLIDE Iron Bar Grinding Hollow Short.wav	METAL GRIND SWEETENER LARGE Swiftly grinding metal over a hollow resonating body. Some scraping underneath.
MECK SLIDE Iron Bar Grinding Long.wav	METAL GRIND SWEETENER MEDIUM Slowly grinding a metal bar over a hard edge. With scraping and some low resonance underneath.
MECK SLIDE Iron Bar Grinding Short.wav	METAL GRIND SWEETENER MEDIUM Swiftly grinding a metal bar over a hard edge. With scraping and some low resonance underneath.
MECK SLIDE Iron Nut Scraping Light Turning Sequence.wav	METAL GRIND SWEETENER SMALL Continuously grinding a solid nut over a metal surface. Scraping and some rattling.
MECK SLIDE Large Wooden Thread Turning.wav	WOOD MOVING MECHANISM LARGE Turning a large wooden thread mounted to a big resonating body. Softly grinding with some bumping and occasionally squeaking.
MECK SLIDE Metal Bar Lever Scrape.wav	METAL SQUEAK SWEETENER SMALL Grinding metal over solid surface, highly squeaking, squealing and scraping.
MECK SLIDE Metal Bar Lever Screech.wav	METAL SQUEAK SWEETENER SMALL Grinding metal over solid surface, highly squeaking, screeching and scraping. Sounds like hinge.
MECK SLIDE Metal Bar Scrape Soft.wav	METAL GRIND SWEETENER MEDIUM Grinding metal over a hollow resonating body. Some scraping and slightly squeaking underneath.
MECK SLIDE Metal Checkwriter Squeak Slow.wav	METAL GRIND SWEETENER MEDIUM Scraping parts of a metal housing against each other. Grinding, hollow sound, some highly squeaking.
MECK SLIDE Metal Coal Lamp.wav	METAL GLASS MOVING MECHANISM MEDIUM Turning head of an old coal lamp. Loose parts rattling and clattering against glass. Low scraping noise and impacts on end.
MECK SLIDE Metal Friction 01 Grinding.wav	METAL GRIND SWEETENER SMALL Grinding metal over small resonating body, scraping with some very highly squeaking.
MECK SLIDE Metal Friction 01 High Squeak.wav	METAL SQUEAK SWEETENER SMALL Grinding metal over small resonating body, very highly squeaking with some screeching and scraping.
MECK SLIDE Metal Friction 02 Grinding Screech.wav	METAL SQUEAK SWEETENER MEDIUM Grinding metal over resonating body. Screeching, squeaking and scraping.
MECK SLIDE Metal Friction 03 Sliding.wav	METAL GRIND SWEETENER SMALL Grinding metal over small resonating body. Slightly, very highly squeaking with some scraping.
MECK SLIDE Metal Friction 04 Screech.wav	METAL SQUEAK SWEETENER MEDIUM Grinding metal over resonating body. Loudly screeching and scraping with some squeaking.
MECK SLIDE Metal Friction 05 Screech Hollow Back and Forth.wav	METAL SQUEAK SWEETENER MEDIUM Grinding metal back and forth over a hollow resonating body. Squeaking and scraping with some screeching.
MECK SLIDE Metal Friction.wav	METAL SQUEAK SWEETENER MEDIUM Grinding metal rake on tub. Nasty squealing and squeaking. Tonal with resonating body underneath.
MECK SLIDE Metal Rail Scrape Back and Forth.wav	METAL SQUEAK SWEETENER SMALL Sliding metal over a thin rail with highly squeaking noise. Some scraping and screeching underneath.

FILENAME	DESCRIPTION
MECK SLIDE Metal Sheet Heavy.wav	METAL GRIND SWEETENER LARGE Sliding metal over a solid resonating body. Heavily scraping, grinding with some clattering and ringing.
MECK SLIDE Metal Singing Screech.wav	METAL SQUEAK SWEETENER MEDIUM Grinding metal over a hollow resonating body. Softly squeaking with grinding and scraping. Sounds like a whining yelp.
MECK SLIDE Rusty Metal Scraping.wav	METAL SQUEAK SWEETENER MEDIUM Scraping metal over rusty tin can. Grinding, hollow sound, some highly squeaking.
MECK SLIDE Rusty Scrape Whining.wav	METAL SQUEAK SWEETENER SMALL Scraping metal over rusty tin can. Whining, hollow sound, squeaking.
MECK SLIDE Sawblade Scraping Resonating.wav	METAL GRIND SWEETENER MEDIUM Grinding metal over a resonating body. Scraping noise with oddly resonating of sheet metal.
MECK SLIDE Scrape Squeal Hollow.wav	METAL SQUEAK SWEETENER SMALL Scraping solid metal part on small hollow body. Gently grinding and squealing. Subtly clattering.
MECK SLIDE Scrape Steel Bar.wav	METAL SQUEAK SWEETENER MEDIUM Scraping solid metal bar on resonating body. Gently grinding. Subtly clattering.
MECK SLIDE Snap Back And Forth Typewriter Adler.wav	METAL MOVING MECHANISM MEDIUM Moving the lever of an old typewriter, slightly sliding the carriage back and forth. Some clicking and snapping with an impact on end.
MECK SLIDE Snap Calculating Machine Victor Champion.wav	METAL PLASTIC MOVING MECHANISM MEDIUM Moving the carriage of an old calculating machine. Parts rattling and clacking. Spring and housing resonating.
MECK SLIDE Snap Calculating Machine Victor.wav	METAL CLICK MECHANISM MEDIUM Pulling the lever of an old calculating machine. Toothed wheels rattling and clicking inside a tin housing.
MECK SLIDE Snap Short Typewriter Ceta.wav	METAL MOVING MECHANISM MEDIUM Sliding the carriage of an old typewriter. Starting from a click, with a hollow body resonating and metal ringing on impact.
MECK SLIDE Snap Short Typewriter Mercedes Five.wav	METAL CLICK MECHANISM MEDIUM Shortly moving the carriage of an old typewriter, slightly scraping. Softly grinding with loud thud bumps on end.
MECK SLIDE Snap Typewrite Remington Noiseless.wav	METAL MOVING MECHANISM MEDIUM Sliding the carriage of an old typewriter. A hollow body resonating, parts clicking and metal ringing on impact.
MECK SLIDE Snap Typewriter AEG Mignon.wav	METAL MOVING MECHANISM MEDIUM Sliding the carriage of an old typewriter. Starting from snapping, a hollow body resonating, some clicking and metal ringing on impact.
MECK SLIDE Snap Typewriter Ceta 01.wav	METAL MOVING MECHANISM MEDIUM Sliding the carriage of an old typewriter. Rattling and clicking during slide with body resonating and small bell ringing on impact.
MECK SLIDE Snap Typewriter Ceta 02.wav	METAL MOVING MECHANISM MEDIUM Sliding the carriage of an old typewriter. Toothed wheels rattling and clicking during slide with body resonating on impact.
MECK SLIDE Snap Typewriter Kanzler.wav	METAL MOVING MECHANISM MEDIUM Sliding the carriage of an old typewriter. Low grinding during slide with body resonating. Loudly clacking and snapping on impact.
MECK SLIDE Snap Typewriter Remington Noiseless.wav	METAL MOVING MECHANISM MEDIUM Sliding the carriage of an old typewriter. Rattling and clicking during slide with body resonating and ringing. Impacts on end.
MECK SLIDE Snap Typewriter Standard.wav	METAL MOVING MECHANISM MEDIUM Sliding the carriage of an old typewriter. Starting from snapping, a hollow body resonating, some clicking and a thud bump on impact.
MECK SLIDE Snap Typewriter Underwood 02.wav	METAL MOVING MECHANISM MEDIUM Sliding the carriage of an old typewriter. Subtly grinding during slide with body resonating and clacking on impact.
MECK SLIDE Snap Typewriter Underwood.wav	METAL PLASTIC MOVING MECHANISM MEDIUM Sliding the carriage of an old typewriter. Vigorous rattling and clicking during slide with body resonating and ringing. Impacts on end.
MECK SLIDE Snap Typewriter Valentine.wav	METAL MOVING MECHANISM MEDIUM Sliding the carriage of an old typewriter. Grinding and clicking during slide, some squeaking and body resonating on impact.
MECK SLIDE Steel Girder Grinding.wav	METAL MOVING MECHANISM MEDIUM Scarping metallic piece on metal beam. Resonating. Short.
MECK SLIDE Steel Girder Hollow Sequence.wav	METAL MOVING MECHANISM MEDIUM Scarping metallic piece on metal beam. Hollow and long.
MECK SLIDE Steel Girder Resonating.wav	METAL MOVING MECHANISM MEDIUM Scarping metallic piece on metal beam. Heavy and resonating. Short.
MECK SLIDE Steel Pipe Sharp.wav	METAL MOVING MECHANISM MEDIUM Grinding back and forth with a pole on metallic surface.
MECK SLIDE Threaded Rod Dull.wav	METAL WOOD MOVING MECHANISM MEDIUM Scraping studding with different strength and speed on wooden, resonating body. Varying pitch, sounds like moaning.
MECK SLIDE Threaded Rod High.wav	METAL MOVING MECHANISM SMALL Scraping studding with different strength. Varying in pitch and length.
MECK SLIDE Threaded Rod Hollow.wav	METAL MOVING MECHANISM MEDIUM Scraping studding slowly on metallic, resonating body with varying pitch and light, ringing.
MECK SLIDE Tin Tub Grind.wav	METAL MOVING MECHANISM MEDIUM Grinding metal pole on tub. Hollowly resonating, slightly rattling.
MECK SLIDE Turn Snap Fast Typewriter Lambert.wav	METAL MOVING MECHANISM MEDIUM Sliding the carriage of old typewriter. Body resonating, some grinding and low thudding on impact.

FILENAME	DESCRIPTION
MECK SLIDE Turn Snap Typewriter Lambert.wav	METAL MOVING MECHANISM MEDIUM Sliding the carriage of old typewriter. Body resonating, grinding and rattling metal parts.
MECK SLIDE Typewriter Remington Noiseless.wav	METAL MOVING MECHANISM MEDIUM Sliding the carriage of old typewriter. Grinding during slide with body resonating and some clicking.
MECK SLIDE Vacuum Cleaner Pipe.wav	METAL PLASTIC CLICK MECHANISM MEDIUM Pulling out pipe of vacuum cleaner. Rattling with grinding noise. Ascending and descending pitch.
MECK SLIDE Wheelbarrow Resonant.wav	METAL MOVING MECHANISM MEDIUM Sliding metal pole on wheelbarrow. Some scraping and grinding. Rust crackling, tin tub like body resonating.
MECK SLIDE Wheelbarrow.wav	METAL MOVING MECHANISM MEDIUM Sliding metallic plates against each other. Tub like body resonating and clattering. Last variation with stopping impact.
MECK SLIDE With Stop Vacuum Cleaner Pipe.wav	METAL PLASTIC CLICK MECHANISM MEDIUM Pulling out pipe of vacuum cleaner fast and stopping. Rattling grinding noise. Ascending and descending pitch.
MECK SLIDE Wooden Thread Sequence.wav	WOOD MOVING MECHANISM MEDIUM Turning wooden thread constantly. Milling alike.
MECK SNAP Agricultural Tool 01.wav	METAL SNAP MECHANISM MEDIUM Handling parts on an agricultural tool. Sounds like a door locking mechanism. Choppy operating with snapping. Reverberant.
MECK SNAP Agricultural Tool 02.wav	METAL SNAP MECHANISM MEDIUM Moving lever on an agricultural tool. Choppy operating with snapping and some ringing. Reverberant.
MECK SNAP Agricultural Tool Double.wav	METAL SNAP MECHANISM SMALL Operating agricultural tool back and forth. Snapping twice. Squeaking and ringing elements.
MECK SNAP Bell Calculating Machine Kontometer.wav	METAL SNAP MECHANISM SMALL Pushing and releasing a button on an old mechanical calculator, clicking and snapping and a bell ringing out. Dry snaps.
MECK SNAP Breech Action Close 01.wav	METAL BREECH MECHANISM MEDIUM Closing fastener. Rattling, loose elements.
MECK SNAP Breech Action Close 02.wav	METAL PLASTIC BREECH MECHANISM MEDIUM Closing fastener. Snappy and short.
MECK SNAP Breech Action Multiple 01.wav	METAL BREECH MECHANISM MEDIUM Handling fastener multiple times. Clattering binders.
MECK SNAP Breech Action Multiple 02.wav	METAL PLASTIC BREECH MECHANISM MEDIUM Closing fastener multiple times. Snappy with some lightly squeaking.
MECK SNAP Breech Action Multiple 03.wav	METAL BREECH MECHANISM MEDIUM Closing fastener multiple times. Sliding.
MECK SNAP Breech Action Open.wav	METAL BREECH MECHANISM MEDIUM Opening fastener. Rattling decay.
MECK SNAP Buckle Medium Resonant.wav	METAL SNAP MECHANISM MEDIUM Opening and closing medium sized buckle on resonant body. Very snappy.
MECK SNAP Buckle Medium.wav	METAL SNAP MECHANISM SMALL Opening and closing medium sized buckle with a thin sound. Rattling and light, ringing elements.
MECK SNAP Buckle Small.wav	METAL SNAP MECHANISM SMALL Opening and closing small buckle on resonant body. Rattling, some clicking and slightly squeaking.
MECK SNAP Buckle Tiny.wav	METAL SNAP MECHANISM TINY Opening and closing tiny buckle. Some rattling elements. Snapping upon closing.
MECK SNAP Button Calculating Machine Victor.wav	METAL PLASTIC CLICK MECHANISM MEDIUM Pushing and releasing buttons of a calculating machine with a loud snapping sound. Spring ringing and body resonating.
MECK SNAP Calculating Machine Badenia.wav	METAL SNAP MECHANISM SMALL Pushing button on old calculating machine with small spring attached. High and slightly ringing housing. Loudly snapping.
MECK SNAP Calculating Machine Fazit.wav	METAL CLICK MECHANISM MEDIUM Sliding the number slider of an old calculating machine. Toothed wheels rattling and clacking. Snapping on end and housing resonating.
MECK SNAP Calculating Machine Hamann.wav	METAL CLICK MECHANISM MEDIUM Pushing and releasing lever on an old calculating machine. Soft, clicking noise of metal parts snapping together.
MECK SNAP Calculating Machine Kontometer.wav	METAL SNAP MECHANISM SMALL Pushing and releasing a button on an old mechanical calculator with clicking and snapping. Housing resonating slightly. Dry snaps.
MECK SNAP Calculating Machine Mech Accountant.wav	METAL PLASTIC SNAP MECHANISM SMALL Pushing button on old calculating machine. Rattling and snapping, letter clicking occasionally. Housing resonating.
MECK SNAP Calculating Machine Resonant Triumphator.wav	METAL TURN MECHANISM MEDIUM Turning the crank of an old calculating machine, rattling, clicking and snapping. A spring ringing.
MECK SNAP Calculating Machine Resulta BS.wav	METAL TURN MECHANISM MEDIUM Turning the crank of an old calculating machine, rattling, clicking and snapping followed by a soft ringing with high, subtle squeaks.
MECK SNAP Calculating Machine Resulta.wav	METAL TURN MECHANISM MEDIUM Constantly turning the crank of an old calculating machine, rattling, clicking and snapping with high, subtle squeaks.
MECK SNAP Calculating Machine Rogli 01.wav	METAL SNAP MECHANISM SMALL Pushing and releasing buttons of a calculating machine. Spring ringing and body resonating. Snapping.
MECK SNAP Calculating Machine Rogli 02.wav	METAL SNAP MECHANISM SMALL Pulling and releasing lever of a calculating machine. Spring and bell ringing and body resonating. Snapping.

FILENAME	DESCRIPTION
MECK SNAP Calculating Machine Rogli 03.wav	METAL SNAP MECHANISM SMALL Pulling and releasing lever of a calculating machine. Spring ringing and body resonating. Snapping.
MECK SNAP Calculating Machine Rogli.wav	METAL PLASTIC TURN MECHANISM MEDIUM Turning the crank of an old calculating machine, softly rattling, clicking and snapping, subtly ringing.
MECK SNAP Calculating Machine Triumphator 01.wav	METAL PLASTIC TURN MECHANISM MEDIUM Turning the crank of an old calculating machine, rattling, clicking and snapping. Subtly ringing.
MECK SNAP Calculating Machine Triumphator 02.wav	METAL SNAP MECHANISM TINY Pushing and releasing button of an old calculating machine. Spring ringing and letter snapping.
MECK SNAP Calculating Machine VEB.wav	METAL SNAP MECHANISM SMALL Pushing number slider of an old calculating machine. Snapping with ringing inside the housing.
MECK SNAP Calculating Machine Victor.wav	METAL PLASTIC TURN MECHANISM MEDIUM Turning the crank of an old calculating machine, snapping and ringing. Housing resonating.
MECK SNAP Carabiner Clasp.wav	METAL SNAP MECHANISM SMALL Closing small carabiner clasp. Snapping and slightly ringing in the end.
MECK SNAP Checkwriter Automatic Bank Punch.wav	METAL SNAP MECHANISM SMALL Operating an old cheque writer. Initially rattling followed by a clean and tight snap.
MECK SNAP Checkwriter Cheque Punch Corp.wav	METAL SNAP MECHANISM MEDIUM Engaging switch and let it snap back. Slightly resonating with clicking and rattling parts.
MECK SNAP Checkwriter Lightning.wav	METAL PLASTIC TURN MECHANISM MEDIUM Turning the crank of an old cheque writer with metal parts clicking, snapping and the housing resonating.
MECK SNAP Checkwriter New Era.wav	METAL SNAP MECHANISM MEDIUM Engaging switch and let it snap back. Low and dull impact with a high, resonating spring.
MECK SNAP Checkwriter Protectograph.wav	METAL SNAP MECHANISM SMALL Operating an old cheque writer. Rattling and clattering metal elements, shortly snapping with housing resonating and highly ringing.
MECK SNAP Checkwriter Unknown 01.wav	METAL PLASTIC CLICK MECHANISM MEDIUM Pushing button with spring attached and let it snap back. High and slightly ringing part.
MECK SNAP Checkwriter Unknown 02.wav	METAL PLASTIC CLICK MECHANISM MEDIUM Pushing slider and let it click into place. Some rattling and scraping.
MECK SNAP Checkwriter Unknown.wav	METAL SNAP MECHANISM SMALL Moving part of an old cheque writer up and down. Snapping with some rattling, clattering and slightly ringing.
MECK SNAP Chunky Latch Lock Sequence 01.wav	METAL LOCKING MECHANISM LARGE Handling a bulky snap lock. Body resonating and some rattling.
MECK SNAP Chunky Latch Lock Sequence 02.wav	METAL LOCKING MECHANISM LARGE Handling a bulky snap lock. Body resonating, some bumping impacts and rattling.
MECK SNAP Clam Cleat Resonant.wav	METAL SNAP MECHANISM MEDIUM Opening and closing clam cleat on resonant body, clicking and snapping. Hollowly rattling.
MECK SNAP Clam Cleat.wav	METAL SNAP MECHANISM SMALL Opening and closing clam cleat, clicking and snapping. Hollowly rattling.
MECK SNAP Click Calculating Machine Victor Champion.wav	METAL PLASTIC CLICK MECHANISM MEDIUM Pushing and releasing lever on an old calculating machine. Clicking noise of metal parts with housing resonating.
MECK SNAP Clunky Calculating Machine Madas.wav	METAL CLICK MECHANISM MEDIUM Moving the carriage of an old calculating machine. Parts rattling and clacking. Spring and housing resonating.
MECK SNAP Constant Calculating Machine Rogli.wav	METAL SNAP MECHANISM SMALL Constantly pushing and releasing a button on an old mechanical calculator with snapping and spring resonating inside housing.
MECK SNAP Constant Checkwriter Chequepunch.wav	METAL SNAP MECHANISM SMALL Constantly pushing and releasing button on an old cheque writer, rhythmically. Sliding, clicking and snapping.
MECK SNAP Constant Double Typewriter Calligraph.wav	METAL SNAP MECHANISM MEDIUM Constantly pushing and releasing keys on an old typewriter, rhythmically. Parts rattling, letters snapping.
MECK SNAP Constant Squeak Typewriter AEG Mignon.wav	METAL CLICK MECHANISM MEDIUM Constantly pushing and releasing shift key on an old typewriter, rhythmically with keyboard rattling. Loudly squeaking with a spring resonating.
MECK SNAP Constant Typewriter Adler.wav	METAL CLICK MECHANISM MEDIUM Constantly pushing and releasing shift key on an old typewriter, rhythmically with carriage sliding subtly. Metal parts ringing and housing resonating.
MECK SNAP Constant Typewriter Calligraph.wav	METAL CLICK MECHANISM MEDIUM Continuously flipping a lever on an old cheque writer up and down with impacts on end. Tin housing resonating.
MECK SNAP Constant Typewriter Lambert.wav	METAL SNAP MECHANISM MEDIUM Constantly pushing and releasing keys on an old typewriter, rhythmically. Parts rattling and ringing, letters snapping subtly.
MECK SNAP Constant Typewriter Mercedes Five.wav	METAL CLICK MECHANISM MEDIUM Constantly pushing and releasing shift key on an old typewriter, rhythmically. Metal parts rattling loudly, housing ringing and resonating.
MECK SNAP Constant Typewriter Standard.wav	METAL SNAP MECHANISM MEDIUM Constantly pushing and releasing shift key on an old typewriter, rhythmically with keyboard rattling. Bumping with housing resonating.
MECK SNAP Cooking Pot Multiple 01.wav	METAL PLASTIC SNAP MECHANISM SMALL Opening and closing the locking mechanism of a cooking pot latch. Slightly ringing. Snapping several times.

FILENAME	DESCRIPTION
MECK SNAP Cooking Pot Multiple 02.wav	METAL PLASTIC SNAP MECHANISM SMALL Handling the locking mechanism of a cooking pot latch. Slightly ringing. Snapping several times.
MECK SNAP Cooking Pot.wav	METAL PLASTIC SNAP MECHANISM SMALL Handling the locking mechanism of a cooking pot latch. Slightly ringing and rattling.
MECK SNAP Door Handle 01 Double.wav	METAL LOCKING MECHANISM MEDIUM Operating a door handle with clicking and rattling clasp elements. Pushing down and high ringing sound upon release.
MECK SNAP Door Handle 01 Sequence.wav	METAL LOCKING MECHANISM MEDIUM Continuously operating a door handle with clicking and rattling clasp elements. Pushing and releasing rhythmically with high ringing.
MECK SNAP Door Handle 01 Single.wav	METAL LOCKING MECHANISM MEDIUM Pushing or releasing a door handle with clicking and rattling clasp elements. Some high ringing sound.
MECK SNAP Door Handle 02 Clack Open Close.wav	METAL WOOD LOCKING MECHANISM LARGE Operating a door handle with clacking and rattling clasp elements. Pushing and releasing with low resonance underneath.
MECK SNAP Door Handle 02 Clack Sequence.wav	METAL WOOD LOCKING MECHANISM LARGE Continuously operating a door handle with clacking and rattling clasp elements. Pushing and releasing rhythmically with low resonance underneath.
MECK SNAP Door Handle 02 Clack Slam.wav	METAL WOOD LOCKING MECHANISM LARGE Slam shutting a door with clacking and rattling clasp elements. Low resonance upon impact.
MECK SNAP Door Handle 03 Clack Open Close.wav	METAL PLASTIC LOCKING MECHANISM LARGE Pushing and releasing a door handle with clacking clasp elements. Opening and closing with low resonance upon impact.
MECK SNAP Door Handle 03 Clack Sequence.wav	METAL PLASTIC LOCKING MECHANISM LARGE Continuously pushing and releasing a door handle with clacking clasp elements. Rhythmically opening and closing with low resonance upon impact.
MECK SNAP Door Handle 04 Clack Open Close.wav	METAL PLASTIC LOCKING MECHANISM MEDIUM Operating a door handle with clicking and clacking clasp elements. Pushing and releasing with resonance underneath.
MECK SNAP Door Handle 04 Clack Sequence.wav	METAL PLASTIC LOCKING MECHANISM MEDIUM Continuously operating a door handle with clicking and clacking clasp elements. Rhythmically pushing and releasing with resonance underneath.
MECK SNAP Door Handle 04 Clack Slam.wav	METAL PLASTIC LOCKING MECHANISM MEDIUM Slam shutting a door with clicking and clacking clasp elements. Low resonance upon impact. Audible air movement.
MECK SNAP Double Small Typewriter Kanzler.wav	METAL SNAP MECHANISM SMALL Pushing and releasing lever of an old typewriter. Metal ringing and clattering. Housing resonating slightly.
MECK SNAP Double Typewriter Calligraph.wav	METAL SNAP MECHANISM MEDIUM Pushing and releasing keys on an old typewriter. Parts rattling, letters snapping.
MECK SNAP Double Typewriter Kanzler.wav	METAL SNAP MECHANISM MEDIUM Pushing and releasing key on an old typewriter. Letter snapping on impact, rattling and clattering upon release.
MECK SNAP Double Typewriter The Oliver.wav	METAL SNAP MECHANISM MEDIUM Pushing and releasing key on an old typewriter. Letter snapping on impact, bumping upon release.
MECK SNAP Fast Typewriter Standard.wav	METAL SNAP MECHANISM SMALL Quickly pushing and releasing key on an old typewriter. Letter snapping on impact, rattling and clattering upon release.
MECK SNAP Gramophone Needle Box.wav	METAL WOOD LOCKING MECHANISM LARGE Opening and closing the lock of a gramophone needle box. Big, wooden body resonating underneath, slightly ringing.
MECK SNAP Guitar Suitcase Handling Open Close.wav	METAL WOOD LOCKING MECHANISM MEDIUM Opening and closing a guitar case locking latch. Hollow wooden body resonating.
MECK SNAP Large Old Door Handling Impact.wav	METAL WOOD LOCKING MECHANISM LARGE Opening and closing a big door. Rusty mechanical parts rattling and snapping, low thudding impact upon close. Subtly squeaking.
MECK SNAP Latch Up Down Calculating Machine Fazit.wav	METAL LOCKING MECHANISM MEDIUM Moving the latch of an old calculating machine up and down. Metal body resonating slightly with bumps and soft clicking.
MECK SNAP Lever Big Lock And Load.wav	METAL BREECH MECHANISM LARGE Snapping action of a lever from a big machine being locked, unlocked and loaded with a loud impact. Bumping on a resonating body. Metal parts rattling.
MECK SNAP Lever Big Rattle Release.wav	METAL BREECH MECHANISM LARGE Snapping action of a lever from a big machine being locked, unlocked and loaded with rattling impact. Bumping on a resonating body. Some squeaking.
MECK SNAP Lever Calculating Machine Kontometer.wav	METAL SNAP MECHANISM SMALL Pulling the lever of an old calculating machine. Toothed wheels rattling and clicking inside a tin housing. Snapping upon release.
MECK SNAP Lever Chunky Open Close.wav	METAL PLASTIC LOCKING MECHANISM MEDIUM Handling a bulky lever with snapping sound. Body resonating, bumping impacts and some rattling.
MECK SNAP Lever Constant Typewriter Underwood.wav	METAL CLICK MECHANISM MEDIUM Constantly pushing and releasing the lever of on an old typewriter, rhythmically. Parts rattling and ringing, body resonating with bumping impacts.
MECK SNAP Lever Lock And Load Triple.wav	METAL BREECH MECHANISM MEDIUM Snapping action of a lever from a big machine being locked, unlocked and loaded with clicking and a loud impact. Bumping and metal parts rattling.

FILENAME	DESCRIPTION
MECK SNAP Lever Open Close.wav	METAL PLASTIC BREECH MECHANISM SMALL Snapping lever of lock with sliding back and forth. Clicking with some small metallic parts rattling.
MECK SNAP Lever Sequence Typewriter Underwood 01.wav	METAL PLASTIC CLICK MECHANISM MEDIUM Pushing and releasing the lever of an old typewriter. Letters snapping, rattling and some high ringing. Body resonating.
MECK SNAP Lever Sequence Typewriter Underwood 02.wav	METAL PLASTIC CLICK MECHANISM MEDIUM Pushing and releasing the lever of an old typewriter. Shortly ringing, body resonating and rattling with bumping impact.
MECK SNAP Lever Squeaky Slow.wav	METAL LOCKING MECHANISM MEDIUM Snapping action of a metal lever clicking. Loud, bumpy impact upon release with squeaking and metal parts rattling.
MECK SNAP Lever Squeaky.wav	METAL LOCKING MECHANISM MEDIUM Snapping action of a metal lever clicking. Rattling impact upon release with slightly squeaking.
MECK SNAP Lever Typewriter Remington Noiseless Release.wav	METAL CLICK MECHANISM MEDIUM Pushing and releasing the lever of an old typewriter. Slightly ringing, body resonating and some rattling with bumping impact.
MECK SNAP Lever Typewriter Remington Noiseless.wav	METAL PLASTIC CLICK MECHANISM LARGE Pushing and releasing lever of an old typewriter. Metal ringing after low bumping impact.
MECK SNAP Lever Typewriter Underwood.wav	METAL PLASTIC CLICK MECHANISM MEDIUM Pushing and releasing the lever of an old typewriter. Slightly ringing, body resonating and rattling with bumping impact.
MECK SNAP Lever Window Multiple.wav	METAL PLASTIC LOCKING MECHANISM LARGE Operating a window handle with clacking and rattling clasp elements. Pushing and releasing with low resonance underneath.
MECK SNAP Lever Window Single.wav	METAL PLASTIC LOCKING MECHANISM LARGE Operating a window handle with clacking and rattling clasp elements. Pushing and releasing with low resonance underneath.
MECK SNAP Metal Hole Puncher Sequence.wav	METAL PLASTIC CLICK MECHANISM MEDIUM Constantly pushing and releasing a perforator rhythmically. Slightly squeaking plastic underneath.
MECK SNAP Metal Hole Puncher.wav	METAL PLASTIC CLICK MECHANISM MEDIUM Single pushing and releasing perforator. Slightly squeaking plastic underneath.
MECK SNAP Metal Petrol Lamp Handling.wav	METAL SNAP MECHANISM SMALL Handling petrol lamp. Sliding and turning tin parts, rattling and ringing. Resonating snapping on end.
MECK SNAP Metal Petrol Lamp.wav	METAL SNAP MECHANISM SMALL Moving petrol lamp holder up and down. Tin parts rattling, clattering and slightly ringing. Snapping on end.
MECK SNAP Metal Roller Shutter.wav	METAL SNAP MECHANISM SMALL Snapping metal lock. Loose metal parts clattering and clicking. Some scraping.
MECK SNAP Metal Scissors Scrape Short Fast.wav	METAL CLICK MECHANISM MEDIUM Opening and closing a pair of shears. Snapping with scraping.
MECK SNAP Metal Tongs Ring Out.wav	METAL CLICK MECHANISM SMALL Opening and closing of rickety pliers. Snapping with very subtly spring ringing underneath.
MECK SNAP Metal Tongs Snap Ring Out Resonant Sequence.wav	METAL CLICK MECHANISM SMALL Constantly opening and closing of rickety pliers, rhythmically. Snapping with some squeaking.
MECK SNAP Metal Toolbox.wav	METAL SNAP MECHANISM SMALL Opening and closing the latch of a metal box. Reverberant snaps, some clicking.
MECK SNAP Metal Window Handle Open Close.wav	METAL LOCKING MECHANISM LARGE Operating a rattling window handle with clacking and squeaking clasp elements. Turning with some hull resonance underneath.
MECK SNAP Multiple Checkwriter Protectograph.wav	METAL SNAP MECHANISM SMALL Operating an old cheque writer. Rattling metal elements leading to snapping. Slightly ringing underneath.
MECK SNAP Multiple Fast Checkwriter Protectograph.wav	METAL SNAP MECHANISM SMALL Quickly operating an old cheque writer. Initially rattling and clattering metal elements leading to snapping.
MECK SNAP Photo Camera Ocular Open Close.wav	METAL CLICK MECHANISM SMALL Opening and closing the ocular of a photo camera. Clicking and snapping with some body resonating.
MECK SNAP Recorder Walkman Flipping Sequence.wav	PLASTIC CLICK MECHANISM SMALL Walkman handling. Several snaps and clicks. Resonating. Sequence.
MECK SNAP Recorder Walkman Handling.wav	PLASTIC CLICK MECHANISM SMALL Opening and closing Walkman cover. Resonating snaps and clicks.
MECK SNAP Rollerblades Multiple.wav	METAL PLASTIC SNAP MECHANISM MEDIUM Snapping rollerblade buckles several times. Loose parts clattering. Thick and loud impacts on resonating body.
MECK SNAP Rollerblades.wav	METAL PLASTIC SNAP MECHANISM MEDIUM Snapping rollerblade buckles. Loose parts clattering. Thick and loud impacts on resonating body.
MECK SNAP Sequence Calculating Machine Badenia.wav	METAL CLICK MECHANISM MEDIUM Pushing and releasing a button on an old mechanical calculator with clicking and snapping. Housing ringing slightly.
MECK SNAP Sequence Calculating Machine Fazit.wav	METAL CLICK MECHANISM MEDIUM Repeatedly pushing button with different speeds. Rattling and clicking.
MECK SNAP Sequence Calculating Machine VEB.wav	METAL PLASTIC CLICK MECHANISM MEDIUM Pushing and releasing various buttons on an old mechanical calculator with clicking and snapping. Spring ringing and housing resonating.
MECK SNAP Sequence Trailer Hatch.wav	METAL WOOD LOCKING MECHANISM LARGE Locking and unlocking the hatch of a utility trailer. Loudly clacking and snapping with parts rattling. Slightly reverberant.
MECK SNAP Sequence Typewriter Standard.wav	METAL CLICK MECHANISM MEDIUM Pushing and releasing shift key of an old typewriter. Parts clicking and rattling, some bumping and metal resonating.

FILENAME	DESCRIPTION
MECK SNAP Sequence Typewriter Underwood.wav	METAL CLICK MECHANISM MEDIUM Repeatedly pushing switch with different speeds. Rattling, clicking and ringing letter.
MECK SNAP Single Checkwriter Protectograph.wav	METAL SNAP MECHANISM SMALL Quickly operating an old cheque writer. Rattling and clattering metal elements, shortly snapping with housing resonating.
MECK SNAP Slot Machine Mum Hen.wav	METAL SNAP MECHANISM LARGE Turning the lever of an old chocolate candy machine. Tin housing resonating, parts rattling and clicking. Some coin dropping.
MECK SNAP Slot Machine Mum Stork.wav	METAL SNAP MECHANISM LARGE Turning the lever of an old chocolate candy machine. Tin housing resonating, coin dropping and parts rattling.
MECK SNAP Slot Machine Treff Glocke 01.wav	METAL SNAP MECHANISM SMALL Turning and releasing snapping mechanism of a slot machine. Rattling and clicking, coin slightly dropping. Housing resonating. Reverberant.
MECK SNAP Slot Machine Treff Glocke 02.wav	METAL SNAP MECHANISM SMALL Turning and releasing snapping mechanism of a slot machine. Rattling and clicking. Housing resonating. Reverberant.
MECK SNAP Stamp Machine.wav	METAL PLASTIC CLICK MECHANISM MEDIUM Impacts of a stamp machine. Soft, thudding impacts with parts rattling slightly underneath.
MECK SNAP Toothed Wheels Calculating Machine Badenia.wav	METAL CLICK MECHANISM MEDIUM Sliding the number slider of an old calculating machine. Toothed wheels rattling and clacking. Some snapping and housing resonating.
MECK SNAP Toothed Wheels Calculating Machine Rogli.wav	METAL CLICK MECHANISM MEDIUM Sliding the number slider of an old calculating machine. Toothed wheels rattling and clacking. Some snapping and housing resonating.
MECK SNAP Toothed Wheels Calculating Machine Triumphator.wav	METAL CLICK MECHANISM MEDIUM Turning the crank of an old calculating machine, rattling, clicking and snapping on end. Subtly ringing.
MECK SNAP Toothed Wheels Calculating Machine VEB.wav	METAL CLICK MECHANISM MEDIUM Sliding the number slider of an old calculating machine. Toothed wheels rattling and clacking. Loudly snapping on end and housing resonating.
MECK SNAP Toothed Wheels Reset Calculating Machine Rogli.wav	METAL SPRING MECHANISM SMALL Sliding the number slider of an old calculating machine. Toothed wheels rattling and clacking. Some snapping and spring resonating on end.
MECK SNAP Typewriter Lambert.wav	METAL SNAP MECHANISM MEDIUM Pushing and releasing button on an old typewriter. Parts rattling, clattering and clicking. Slightly ringing. Short snaps.
MECK SNAP Typewriter Standard 01.wav	METAL PLASTIC CLICK MECHANISM MEDIUM Moving the carriage of an old typewriter, loudly clicking. Slightly grinding and thud bump on end.
MECK SNAP Typewriter Standard 02.wav	METAL SNAP MECHANISM MEDIUM Pushing and releasing shift key of an old typewriter. Parts snapping and rattling, some bumping metal slightly ringing.
MECK SNAP Typewriter Standard 03.wav	METAL SNAP MECHANISM MEDIUM Pushing and releasing key on an old typewriter, with carriage sliding subtly. Letter snapping, metal parts ringing and housing resonating.
MECK SNAP Typewriter Standard.wav	METAL SNAP MECHANISM SMALL Pushing and releasing key on an old typewriter. Letter snapping on impact, rattling and clattering upon release.
MECK SNAP Umbrella.wav	METAL PLASTIC CLICK MECHANISM SMALL Opening and closing umbrella. Rod system scraping, grinding and ringing. Short and tight snap.
MECK SNAP Up Down Checkwriter Chequepunch.wav	METAL SNAP MECHANISM SMALL Pushing and releasing button on an old cheque writer at different paces. Sliding, snapping and slightly ringing.
MECK SNAP Vaccum Cleaner Switch Attachment.wav	PLASTIC SNAP MECHANISM MEDIUM Switching vacuum cleaner mode from carpet to normal. Short and tight snap.
MECK SPRING Calculating Machine Brunsviga.wav	METAL SPRING MECHANISM MEDIUM Moving spring and let it snap into place followed by sliding and winding up.
MECK SPRING Hanger Press Release.wav	METAL WOOD SPRING MECHANISM SMALL Squeezing and releasing a rusty coat hanger with a long spring attached. Highly squeaking and scraping and some wooden impacts.
MECK SPRING Hanger Slow Quack.wav	METAL WOOD SPRING MECHANISM SMALL Squeezing a rusty coat hanger with a long spring attached. High squeak and quack like noise upon release. Some scraping.
MECK SPRING Hanger Tiny.wav	METAL SPRING MECHANISM TINY Squeezing and releasing a rusty coat hanger with a long spring attached. Highly squeaking and scraping.
MECK SPRING Perforator Medium Squeak Long.wav	METAL WOOD SPRING MECHANISM MEDIUM Slowly pushing and releasing handle of an old perforator attached to resonating body. Highly squeaking, spring ringing and some bumping impacts.
MECK SPRING Perforator Medium Squeak Medium.wav	METAL WOOD SPRING MECHANISM MEDIUM Pushing and releasing handle of an old perforator attached to resonating body. Highly squeaking, spring ringing and some bumping impacts.
MECK SPRING Perforator Medium Squeak Short.wav	METAL WOOD SPRING MECHANISM MEDIUM Shortly pushing and releasing handle of an old perforator attached to resonating body. Highly squeaking, spring ringing and some bumping impacts.
MECK SPRING Perforator Small Squeak Long.wav	METAL SPRING MECHANISM SMALL Slowly pushing and releasing the handle of an old perforator. Choppy squeaking tin metal resonating and ringing. Slightly squealing.

FILENAME	DESCRIPTION
MECK SPRING Perforator Small Squeak Medium.wav	METAL SPRING MECHANISM SMALL Pushing and releasing the handle of an old perforator. Squeaking tin metal resonating and ringing. Slightly squealing.
MECK SPRING Perforator Small Squeak Short.wav	METAL SPRING MECHANISM SMALL Quickly pushing and releasing the handle of an old perforator. Squeaking tin metal resonating and ringing. Slightly squealing.
MECK SPRING Photo Camera Shutter Release.wav	METAL SPRING MECHANISM SMALL Shutter release of a photo camera clicking with a spring ringing out afterwards. Loudly snapping.
MECK SPRING Release Resonant.wav	METAL PLASTIC SPRING MECHANISM SMALL Short, hissing release of a spring with wire ringing. Snapping with plastic housing resonating.
MECK SPRING Stretch Resonant.wav	METAL PLASTIC SPRING MECHANISM SMALL Stretching and crackling of a spring being pulled. Wire resonating in a plastic housing.
MECK SPRING Stretch Tonal Downwards.wav	METAL SPRING MECHANISM SMALL Rattling over a stressed spring under tension. Metal resonance falling in pitch.
MECK SPRING Stretch Tonal Upwards.wav	METAL SPRING MECHANISM SMALL Rattling over a stressed spring under tension. Metal resonance rising in pitch.
MECK SPRING Suspension Small Stretch.wav	METAL PLASTIC SPRING MECHANISM SMALL Sudden spring release with crackling. Wire resonating and scraping in a plastic housing.
MECK SPRING Toaster Sliders Wonky Sequence.wav	METAL PLASTIC SPRING MECHANISM MEDIUM Constantly pushing and releasing the lever of a rickety toaster, rhythmically. Metal wires rattling and parts clattering. Plastic housing resonating.
MECK SWEETENER Low End Latch Impact.wav	METAL SNAP MECHANISM LARGE Snapping a big latch. Thick impact, some metal clattering. Reverberant.
MECK SWEETENER Low End Massive Metal Gate Slide Scrape.wav	METAL MOVING MECHANISM LARGE Moving big metal gate, sliding, rattling and resonating. Some creaking. Reverberant.
MECK SWEETENER Low End Metal Door Slide Rattle Impact.wav	METAL COMPLEX MECHANISM LARGE Opening and closing big metal door. Sliding, slightly grinding. Impact with snapping locking mechanism. Reverberant.
MECK SWEETENER Low End Metal Gate Slide Rattle Impact.wav	METAL COMPLEX MECHANISM LARGE Opening and closing big metal gate. Thick impact slightly audible locking mechanism. Loose parts rattling. Reverberant.
MECK SWEETENER Low End Metal Lift Door Move Rattle Slide.wav	METAL MOVING MECHANISM LARGE Manually opening and closing big lift door. Sliding, squeaking and rattling with bumps. Occasionally impacting. Reverberant.
MECK SWEETENER Low End Metal Lift Door Move Slide.wav	METAL MOVING MECHANISM LARGE Manually sliding a big lift door. Squeaking. Some bumping impacts. Loose parts rattling. Reverberant.
MECK SWEETENER Low End Metal Lift Door Slide Latch.wav	METAL MOVING MECHANISM LARGE Manually opening or closing big lift door. Sliding, squeaking, rattling and impacting heavily on end. Reverberant.
MECK SWEETENER Low End Metal Scrape Long.wav	METAL MOVING MECHANISM LARGE Slowly pushing hollow, big metal object. Very deeply scraping, sliding and grinding hollowly. Reverberant.
MECK SWEETENER Low End Metal Scrape Short.wav	METAL MOVING MECHANISM LARGE Quickly pushing hollow, big metal object. Very deeply scraping, sliding and grinding hollowly. Reverberant.
MECK TURN Cable Take Up Big.wav	METAL HASPEL MECHANISM LARGE Constantly winding up big cable take up. Clicking and varying in speed. Sounds like a haspel mechanism.
MECK TURN Cable Take Up Medium.wav	METAL HASPEL MECHANISM MEDIUM Constantly winding up medium sized cable take up with different speeds. Two rolling variations in the end. Sounds like a haspel mechanism.
MECK TURN Calculating Machine Mercedes.wav	METAL TURN MECHANISM MEDIUM Turning the crank of an old calculating machine, rattling and clicking followed by snapping.
MECK TURN Click Calculating Machine Fazit.wav	METAL TURN MECHANISM MEDIUM Constantly turning the crank of an old adding machine. Barrels sliding and rotating, letters clicking and metal parts rattling inside the housing.
MECK TURN Click Calculating Machine Madas.wav	METAL TURN MECHANISM MEDIUM Constantly turning the crank of an old adding machine. Barrels sliding and rotating, letters clicking and metal parts rattling inside a tin housing.
MECK TURN Click Checkwriter Cheque Punch Corp.wav	METAL CLICK MECHANISM MEDIUM Moving the lever of an old cheque writer up and down with a spring resonating and some subtle impacts.
MECK TURN Click Snap Sequence Adding Machine Burroughs.wav	METAL COMPLEX MECHANISM MEDIUM Turning the crank of an old adding machine. Barrels sliding and rotating, letters clicking and metal parts rattling inside a tin housing.
MECK TURN Click Squeak Adding Machine Burroughs.wav	METAL CLICK MECHANISM MEDIUM Turning the crank of an old calculating machine, clicking and snapping with some squeaking. Resonating housing.
MECK TURN Click Typewriter Standard.wav	METAL PLASTIC TURN MECHANISM MEDIUM Turning the platen of an old typewriter at different speeds from slow to fast. Housing rattling.
MECK TURN Constant Calculating Machine Brunsviga.wav	METAL CLICK MECHANISM MEDIUM Turning the crank of an old calculating machine, clicking and snapping with some ringing. Resonating housing.
MECK TURN Constant Typewriter Mercedes Five.wav	METAL PLASTIC TURN MECHANISM MEDIUM Turning the platen of an old typewriter at different speeds from slow to fast. Housing rattling and metal parts ringing slightly.

FILENAME	DESCRIPTION
MECK TURN Constant Typewriter Valentine.wav	METAL PLASTIC TURN MECHANISM MEDIUM Turning the platen of an old typewriter at different speeds from slow to fast. Housing rattling and metal parts squeaking slightly.
MECK TURN Pipe Milling Resonating Turning Sequence.wav	METAL TURN MECHANISM MEDIUM Constantly turning a pipe on a hard surface, rhythmically. Tube resonating, scraping and grinding.
MECK TURN Ratchet Hoist Big Roll Long.wav	METAL HASPEL MECHANISM LARGE Continuous moving chain with different speed. Like a large wind-up-toy. Sounds like a haspel mechanism.
MECK TURN Ratchet Hoist Big Roll Very Short Multiple.wav	METAL HASPEL MECHANISM LARGE Moving knob to manually move the chain. Fast, short, like a large wind-up-toy. Sounds like a haspel mechanism.
MECK TURN Ratchet Metal Vocal Resonance Small Long 01.wav	METAL HASPEL MECHANISM SMALL Slowly turning a ratchet wrench, resonating vocally. Toothed wheels rattling and clicking. Sounds like a haspel mechanism.
MECK TURN Ratchet Metal Vocal Resonance Small Long 02.wav	METAL HASPEL MECHANISM SMALL Quickly turning a ratchet wrench, resonating vocally. Toothed wheels rattling and clicking. Sounds like a haspel mechanism.
MECK TURN Ratchet Metal Vocal Resonance Small Short.wav	METAL HASPEL MECHANISM SMALL Turning a ratchet wrench, resonating vocally. Toothed wheels rattling and clicking. Sounds like a haspel mechanism.
MECK TURN Ratchet Metal Vocal Resonance Small Single.wav	METAL HASPEL MECHANISM SMALL Quickly turning a ratchet wrench, resonating vocally. Toothed wheels rattling and clicking. Sounds like a haspel mechanism.
MECK TURN Snap Calculating Machine Triumphator.wav	METAL SNAP MECHANISM SMALL Pushing number slider of an old calculating machine. Cracking rattling noise with loud spring resonating inside the housing.
MECK TURN Squeak Constant Printing Machine Renum.wav	METAL TURN MECHANISM MEDIUM Constantly turning the barrel of an old printing machine. Slightly scraping, metal parts rattling and clattering with some squeaking.
MECK TURN Squeak Constant Printing Machine.wav	METAL TURN MECHANISM MEDIUM Constantly turning the barrel of an old printing machine. Metal parts rattling and clattering with some ringing and squeaking.
MECK TURN Squeak Sharpener Constant.wav	METAL PLASTIC TURN MECHANISM MEDIUM Constantly turning a hand driven knife sharpener. Metal housing resonating and parts rattling, ringing throughout.
MECK TURN Squeak Sharpener Single.wav	METAL PLASTIC TURN MECHANISM MEDIUM Turning a hand driven knife sharpener. Metal housing resonating and parts rattling, ringing throughout.
MECK TURN Toothed Wheels Calculating Machine Fazit.wav	METAL TURN MECHANISM MEDIUM Turning the number slider of an old calculating machine. Toothed wheels rattling and clacking. Snapping on end and metal highly ringing.
MECK TURN Toothed Wheels Calculating Machine Felix B3.wav	METAL TURN MECHANISM MEDIUM Choppily turning the number slider of an old calculating machine. Toothed wheels rattling and clacking. Housing and metal ringing.
MECK TURN Wood Winnower Model Stopped.wav	WOOD TURN MECHANISM LARGE Turning the crank of a wooden winnower. Squeaking upon sudden stopping. Parts rattling and clattering, some scraping and grinding.
MECK TURN Wood Winnower Model.wav	WOOD TURN MECHANISM LARGE Turning the crank of a wooden winnower. Parts rattling and clattering, some scraping and grinding.
