Ugritone

Ugritone is a Finnish/German company with an uncompromising dedication to metal. Rooted in the raw, unpolished energy of the Scandinavian underground, and elevated by cutting-edge production, we craft virtual instruments and MIDI packs that capture both the gritty essence and the polished power of metal, punk, and extreme music. Whether you're after lo-fi ferocity or mix-ready clarity, we've got the sound to match your vision!

If your track doesn't pull punches, your sound shouldn't either!

Total Studio Drums is a comprehensive drum library designed for Modern Rock, Pop, Country, and Metal music styles. This collection of mix-ready drum tones provides producers and musicians with a wide range of sounds to choose from, ensuring that you'll always find the perfect drum sound for your projects.

This is your go-to drum library for any genre, any session, any sound. The Total Studio Drums delivers pro-level tone with unmatched flexibility—tight and clean one minute, wild and raw the next. From subtle grooves to massive hits, every kit is mix-ready and fully customizable. It's not just about sounding good—it's about sounding exactly how you want.
