

Ugritone – KVLТ Drums 2

Whether you're after chasing the sound of Norwegian fjords, buzzsaw sludge of Sweden, swampy marshlands of Tampa, thrash attack of the Bay Area, ear-piercing brutality of East Coast Death Metal or straight-edge breakdowns of Mid 90's Belgium; KVLТ Drums 2 can cater that drum sound.

Ugritone

Ugritone is a Finnish/German company with an uncompromising dedication to metal. Rooted in the raw, unpolished energy of the Scandinavian underground, and elevated by cutting-edge production, we craft virtual instruments and MIDI packs that capture both the gritty essence and the polished power of metal, punk, and extreme music. Whether you're after lo-fi ferocity or mix-ready clarity, we've got the sound to match your vision!

If your track doesn't pull punches, your sound shouldn't either!

KVLТ Drums 2: Unholy Evolution. A New Era of Brutality.

This library is a seismic shift in black metal drumming, now packed with heavier, sharper, and more intricate sounds than ever before. We've summoned the raw, explosive power of Bay Area Thrash, the savage brutality of East Coast Death Metal, and the gut-wrenching breakdowns of 90's Belgian Metal—and fused it all into one beastly drum library.

This is not just an update. This is a brutal awakening. The precision of thrash's furious energy, the primal force of death metal's skull-shattering onslaught, and the dark, pulverizing grooves of Belgian breakdowns now exist in unholy harmony. From blasting fury to crushing breakdowns, every kit and sample has been meticulously crafted to deliver the raw aggression and unmatched power your music craves. KVLТ Drums 2 is the ultimate weapon for those who worship chaos and brutality.
