### Ugritone

---

Ugritone is a Finnish/German company with an uncompromising dedication to metal. Rooted in the raw, unpolished energy of the Scandinavian underground, and elevated by cutting-edge production, we craft virtual instruments and MIDI packs that capture both the gritty essence and the polished power of metal, punk, and extreme music. Whether you're after lo-fi ferocity or mix-ready clarity, we've got the sound to match your vision!

If your track doesn't pull punches, your sound shouldn't either!

**Drums Against Humanity** is a Drum Sample library that offers a rare access to Zbigniew "Inferno" Prominski's (Behemoth, Azarath) sought-after drum sound. Equipped with 4 Bass Drums, 5 snares, 8 toms & countless cymbals, Drums Against Humanity allows entrance to Inferno's unholy drum vault.

Recorded at *Tall Pine Records* in Kolbudy, Poland, and produced by *Haldor Grunberg*, whose magic touch is evident throughout Behemoth's chart-topping 2022 album *Opvs Contra Natvram*, Drums Against Humanity captures the essence of Inferno's distinctive sound.

Multi-sampled in great detail, this virtual drum library offers the most realistic drum performance available, powered by Ugritone's unique sampling engine.
