Ueberschall announces the availability of Pop Ballads

Pop Ballads

The essential of soulful music

Pop Ballads grants you access to the melancholic and emotional facet of modern and classic pop music. Each of the 14 complete songs delivers a well composed Pop music arrangement, which has its own unique tension, mood and style. Pop Ballads includes essential pop tempos between 60 – 100 BPM. You'll discover everything which is necessary to create your very own love, melancholic, romantic and of course uplifting song.

Content

The close to 4GB weight Sample Library is filled with more than 900 samples, of precision engineered, pristine instrument recordings. All the fundamental sounds needed for a professional Pop production are available, like: drums, acoustic guitars, amped guitars, strings, acoustic pianos, e-pianos, percussions, basses, Rhodes, synthesizers, and much more.

Structure

All of the 14 song-oriented construction kits are grouped into several subfolders and include extended parts to further personalize and lengthen creations: Intro/Outro, Verse, Pre-Chorus, Chorus, C-Part.

Elastik Project Harmony

The given structure and features like key signature and tempo information, makes it as easy as possible to find a song or groove that will match your tracking needs and goals. The Elastik Player offers you a lot of DSP functions to adjust the songs to further fit your creations.
