# Production Tools Vol.3

35 Production Tool Kits including single samples (drums/sounds), drum & instrument loops, multi formatted instruments/synth presets and midi files! Complete with arranged song ideas and sounds ready to go for your new productions.

All .wav loops are available as Apple Loops and Rex Files too, so that you can select your own tempo.

Each kit contains multsampled instruments/presets ranging from lead/bass or pads/sfx to have the total control over your own ideas.

The sound of tomorrow is waiting to get arranged by you!

The full accessibility and the ability to modify kits makes this collection something really special.

With over 3,5 GB of content available you really are able to create those ideas imagined using high quality audio material!
